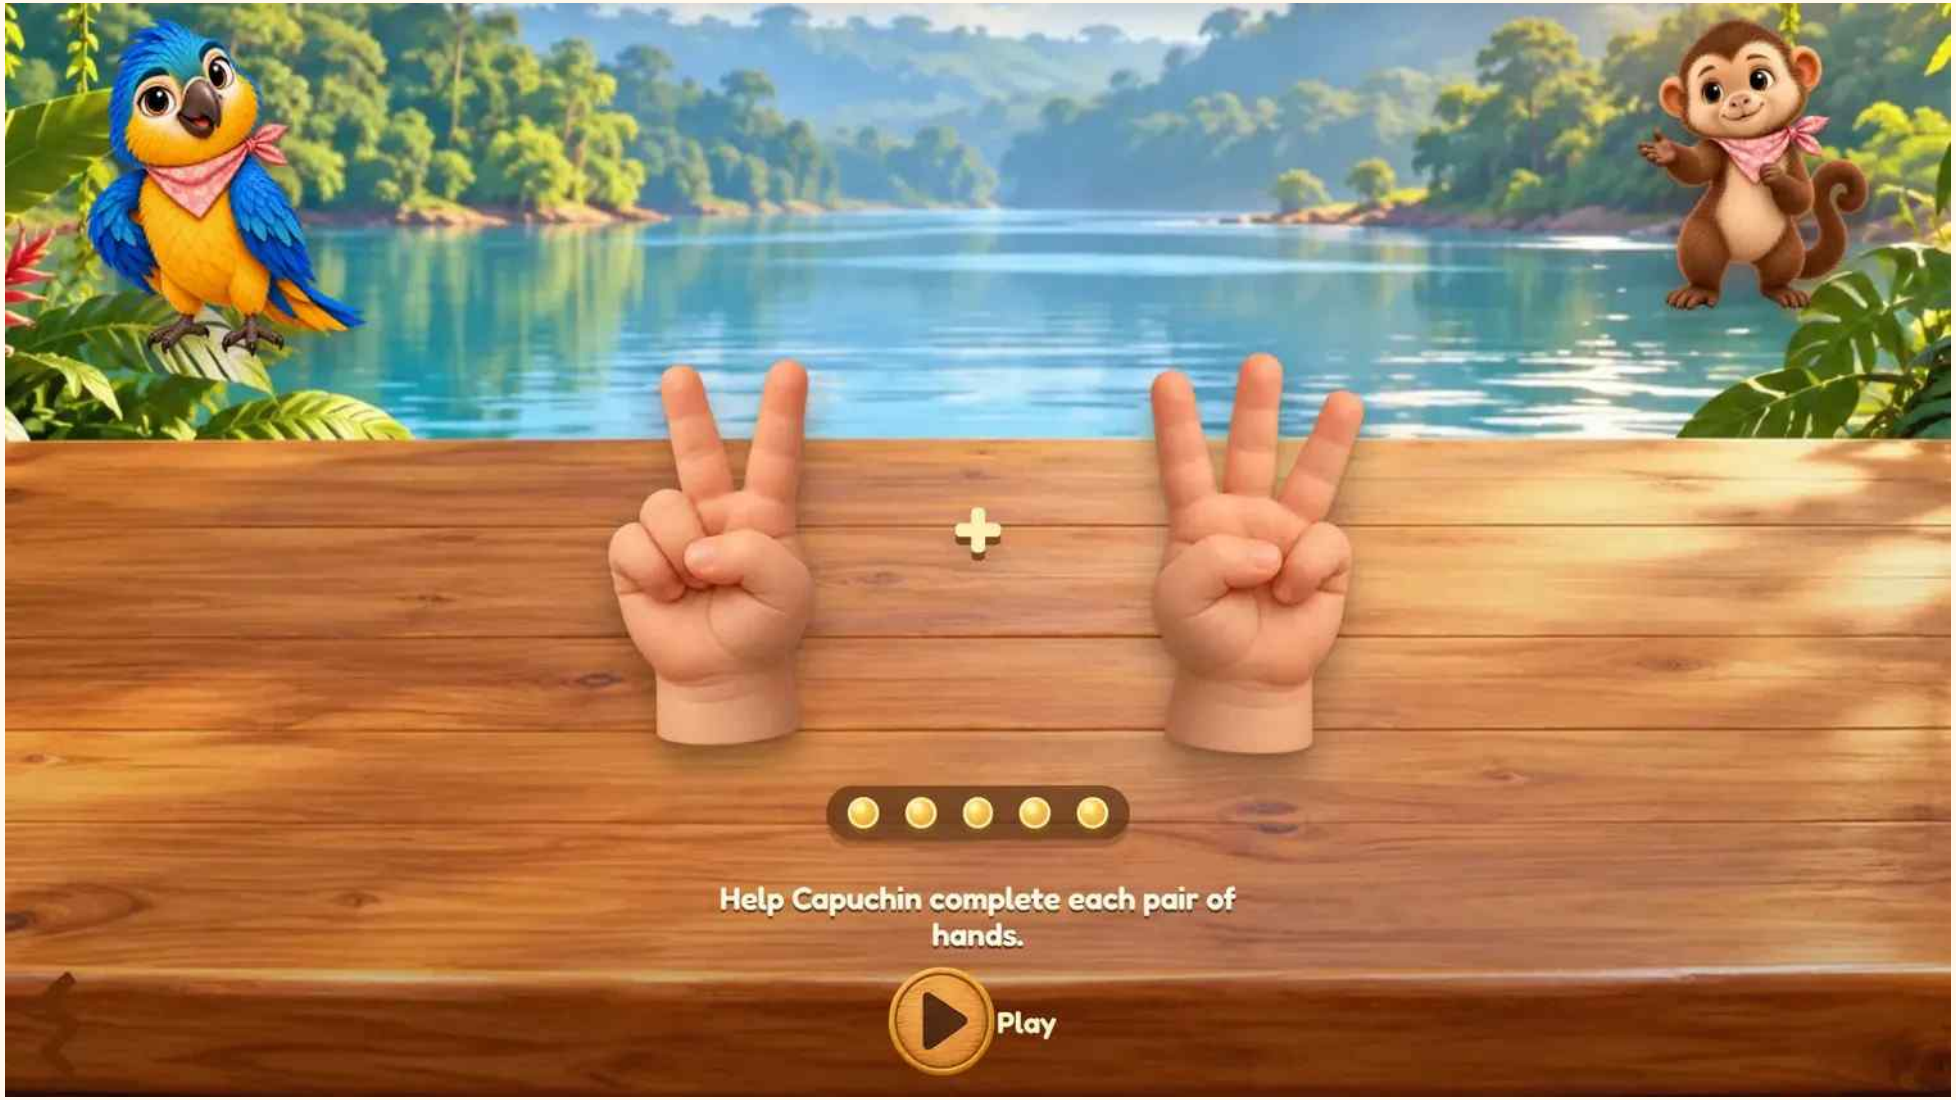
Capuchin: Two Hands, One Number



A picture guide. Look. Choose. Check.

Tap Play. Watch Aro.

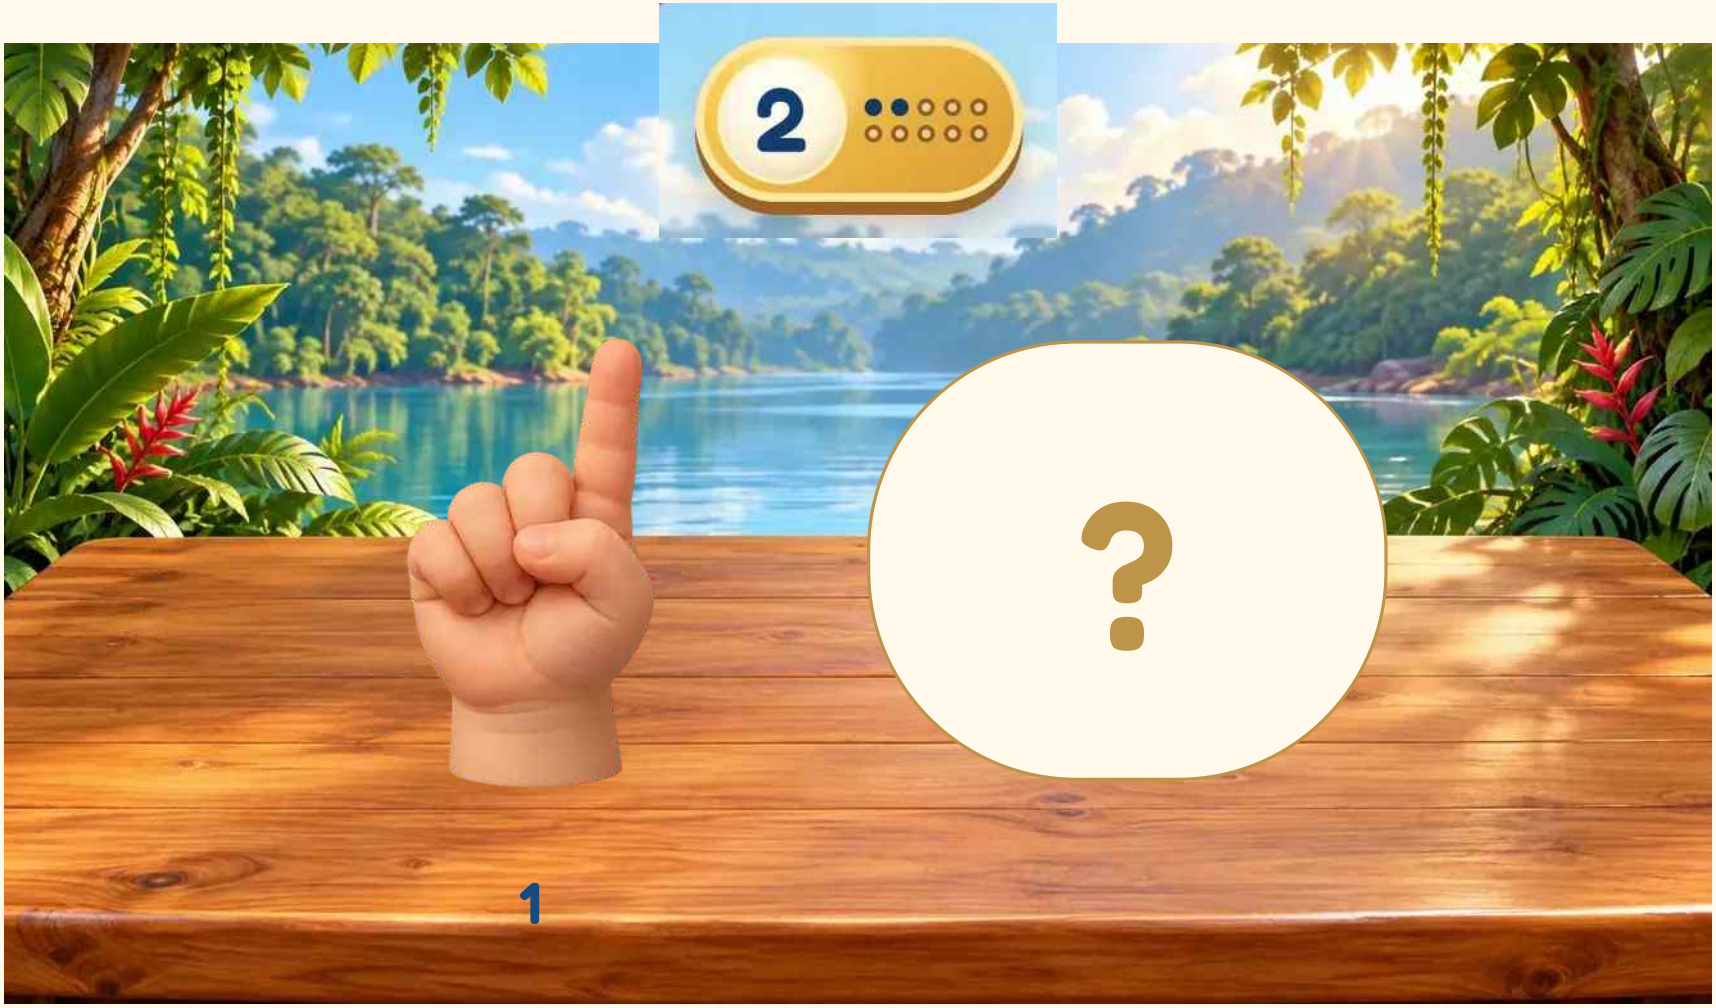
The white pointing hand shows where to choose, place, and check.

Look at the number.

BEFORE

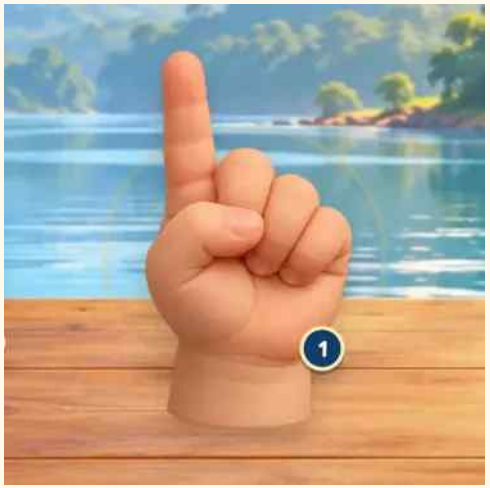
Make two fingers altogether with both hands.

Count the hand already there.



One finger is up. Find the other hand to make two.

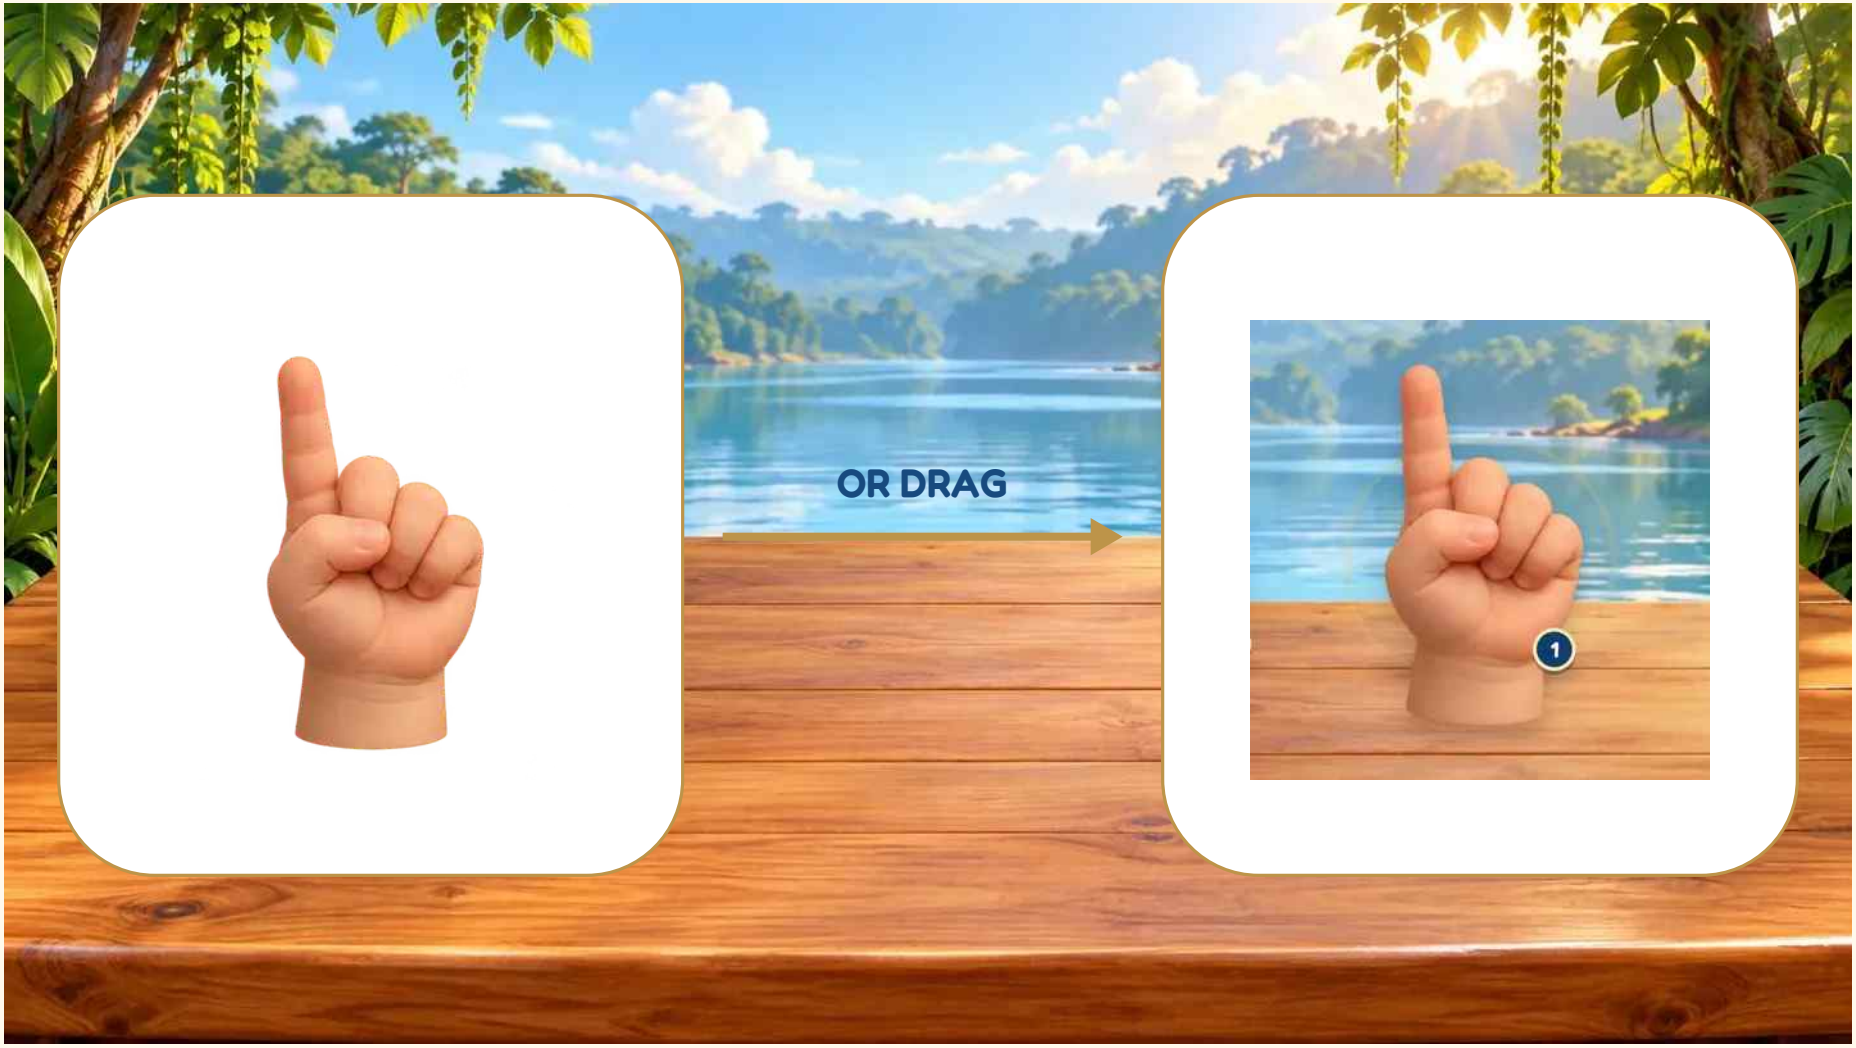
Tap a whole hand.



BEFORE **AFTER**

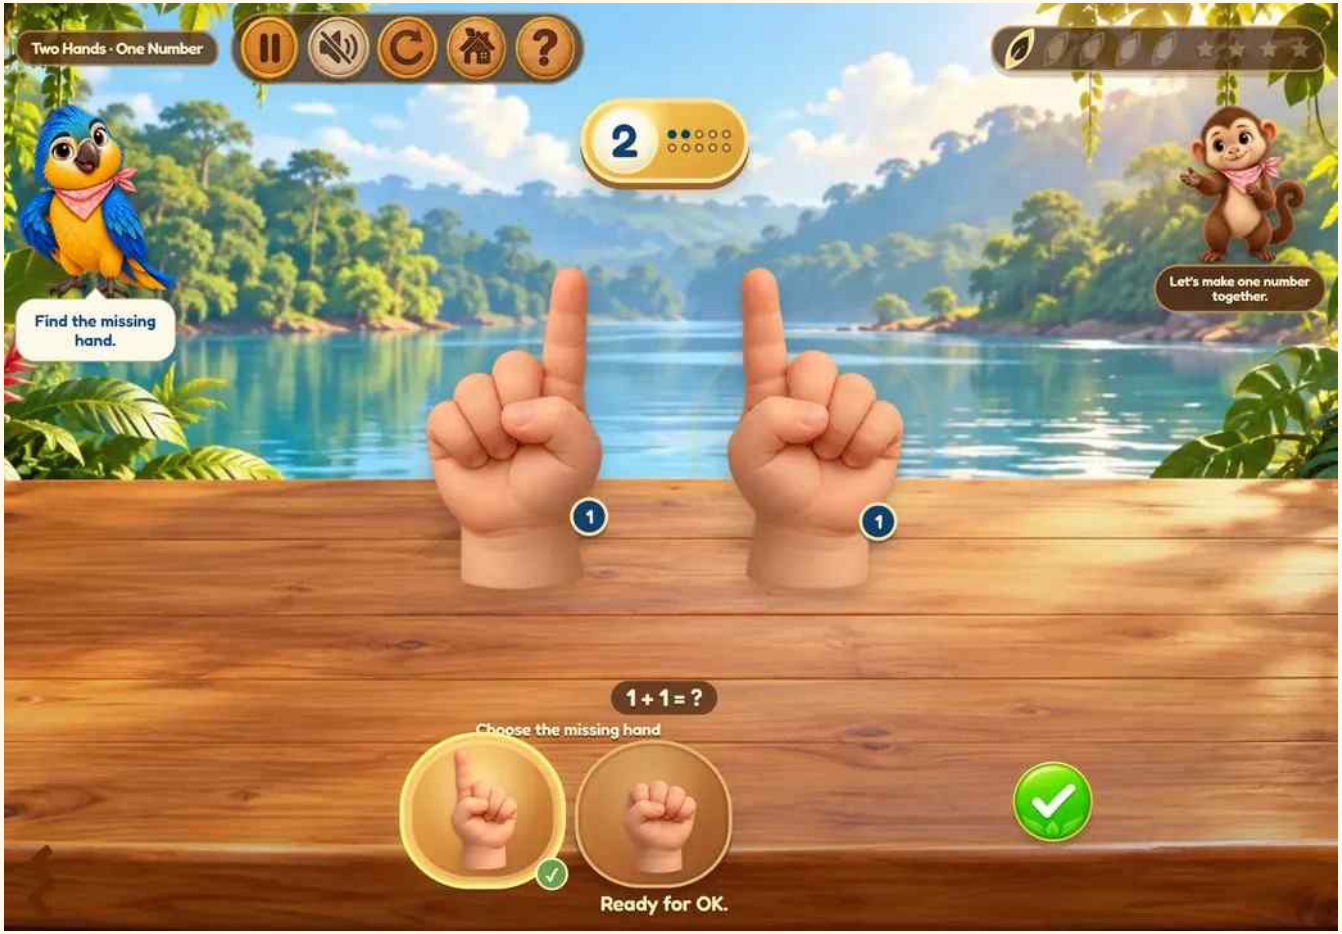
Choose the picture showing one finger. It moves into the empty place.

Or drag the whole picture.



Slide it into the empty place. Tapping also works.

Then tap the green check.



Both hands ready? Tap the green check to see if they match the number.

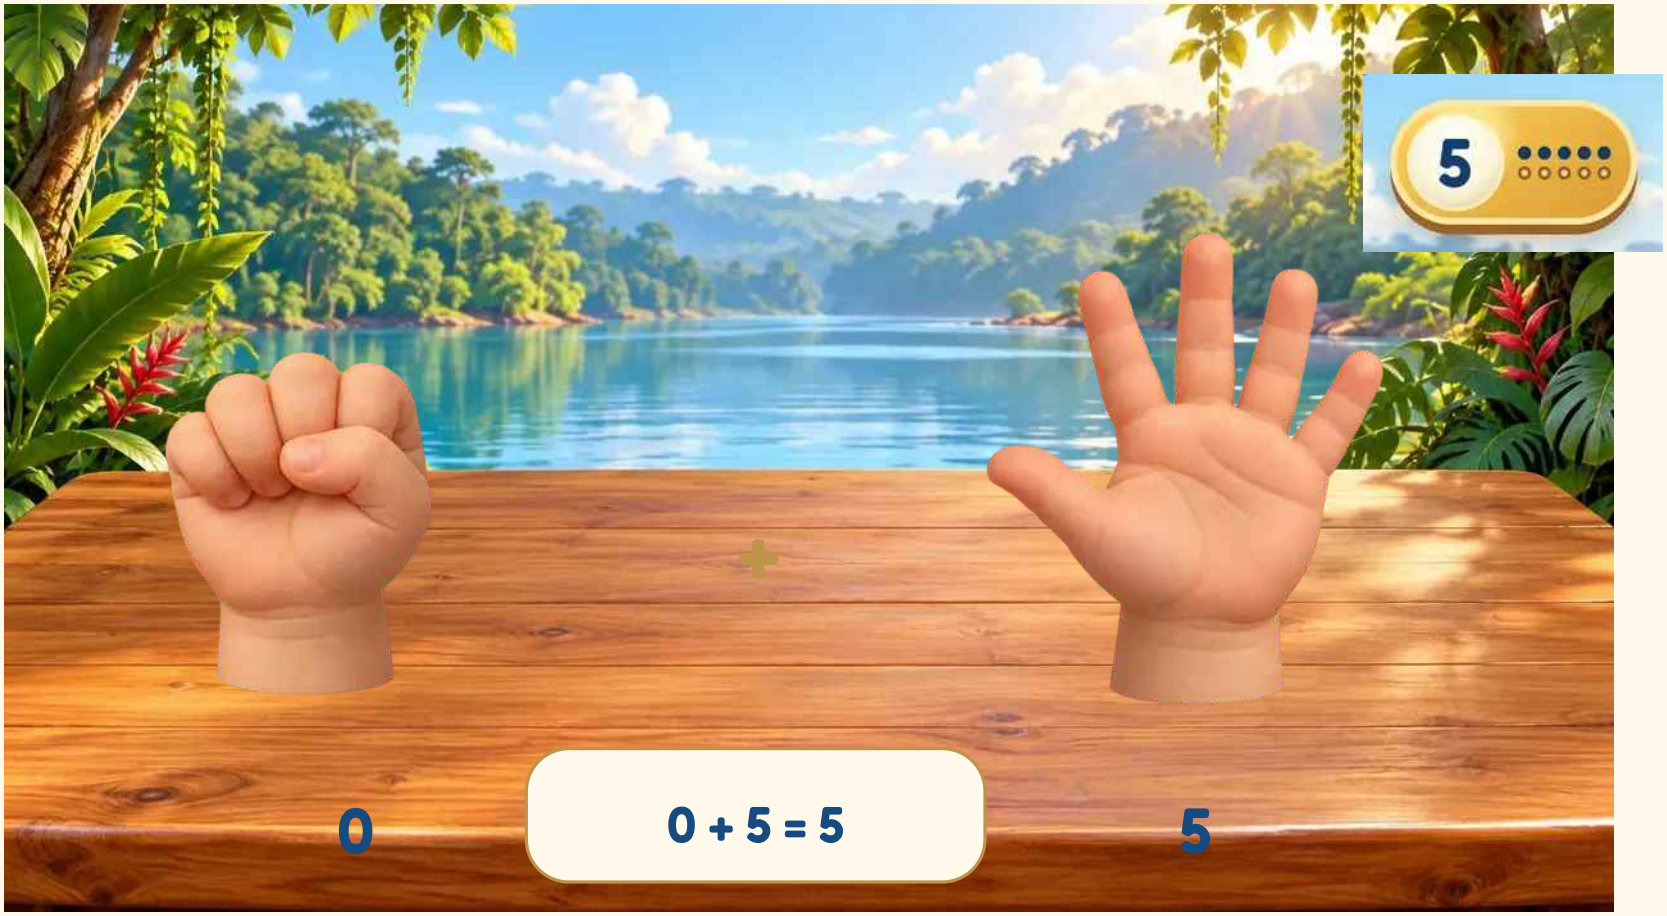
You can try again.

1 + 0 = 1

1 + 1 = 2

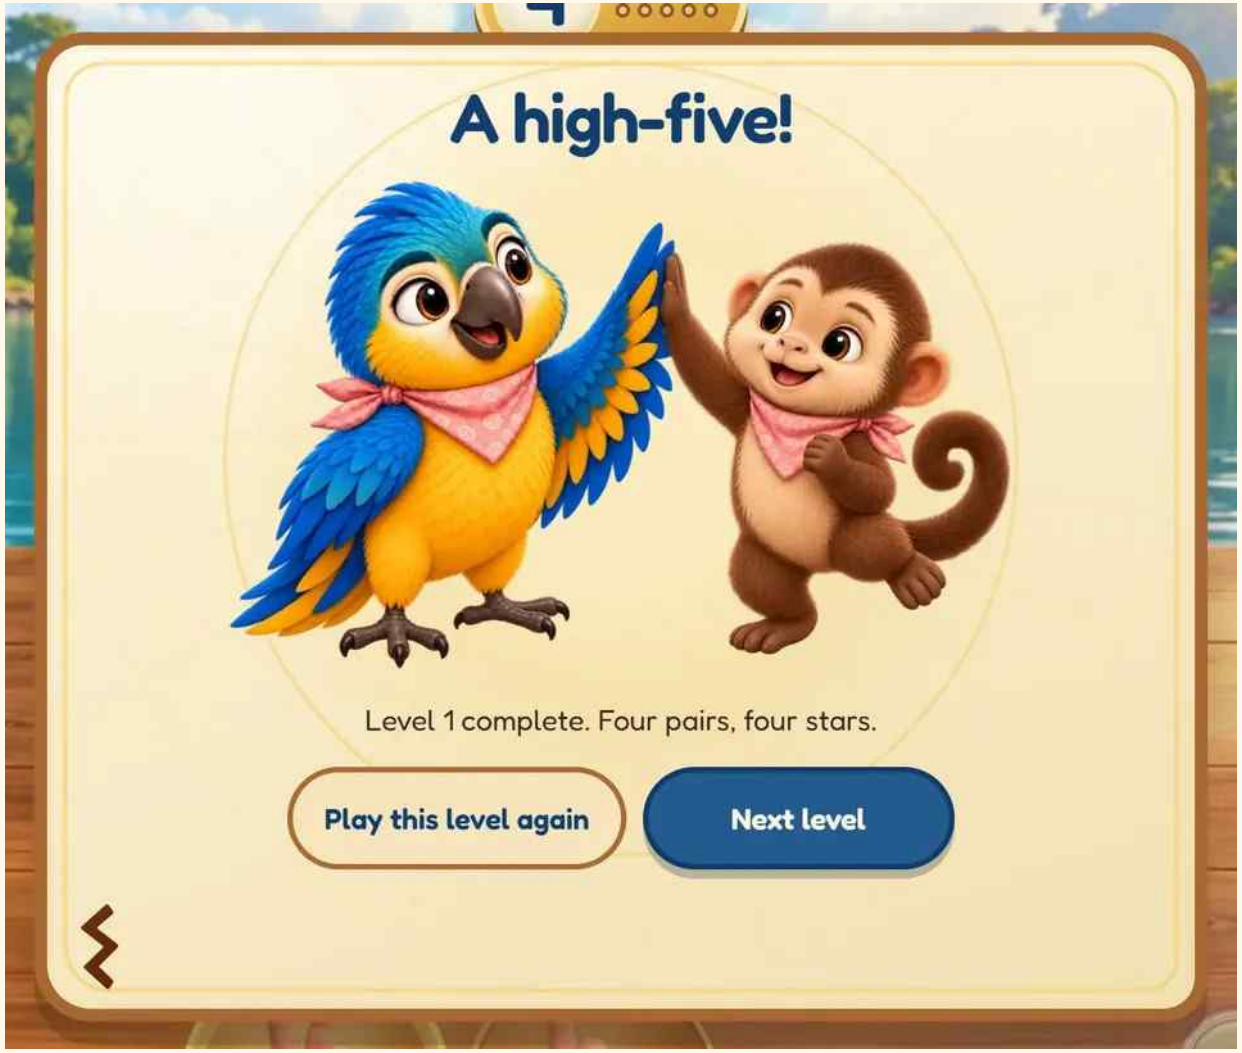
Compare the dots. Choose another hand, then check again. There is no rush.

A closed fist shows zero.



No fingers up means zero. An empty place still needs a hand.

Four pairs, four stars.



4 / 4

Finish a level, then tap Next level when you are ready.

Ask Aro to show you again.

1

2

3

Tap the question mark, then Show the steps. Your pair will be kept.

Make numbers together!
