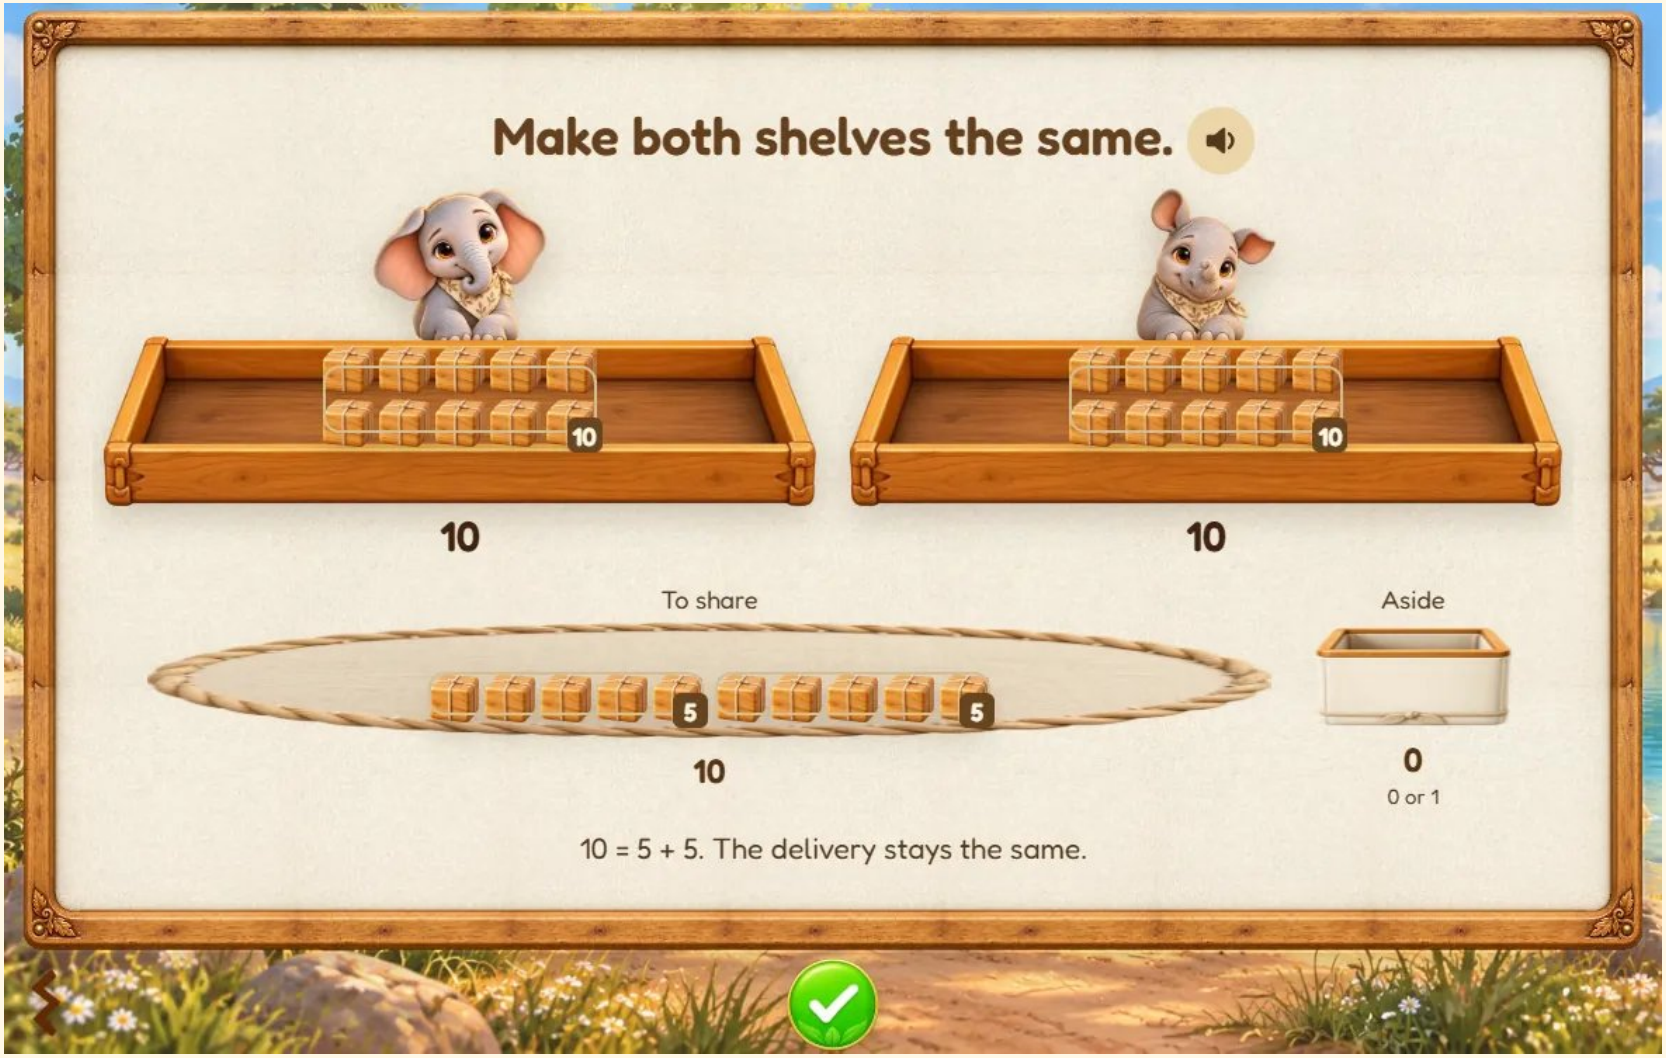
Rhino: Two Equal Shelves

Share the whole delivery. Keep both shelves equal.

Choose a parcel

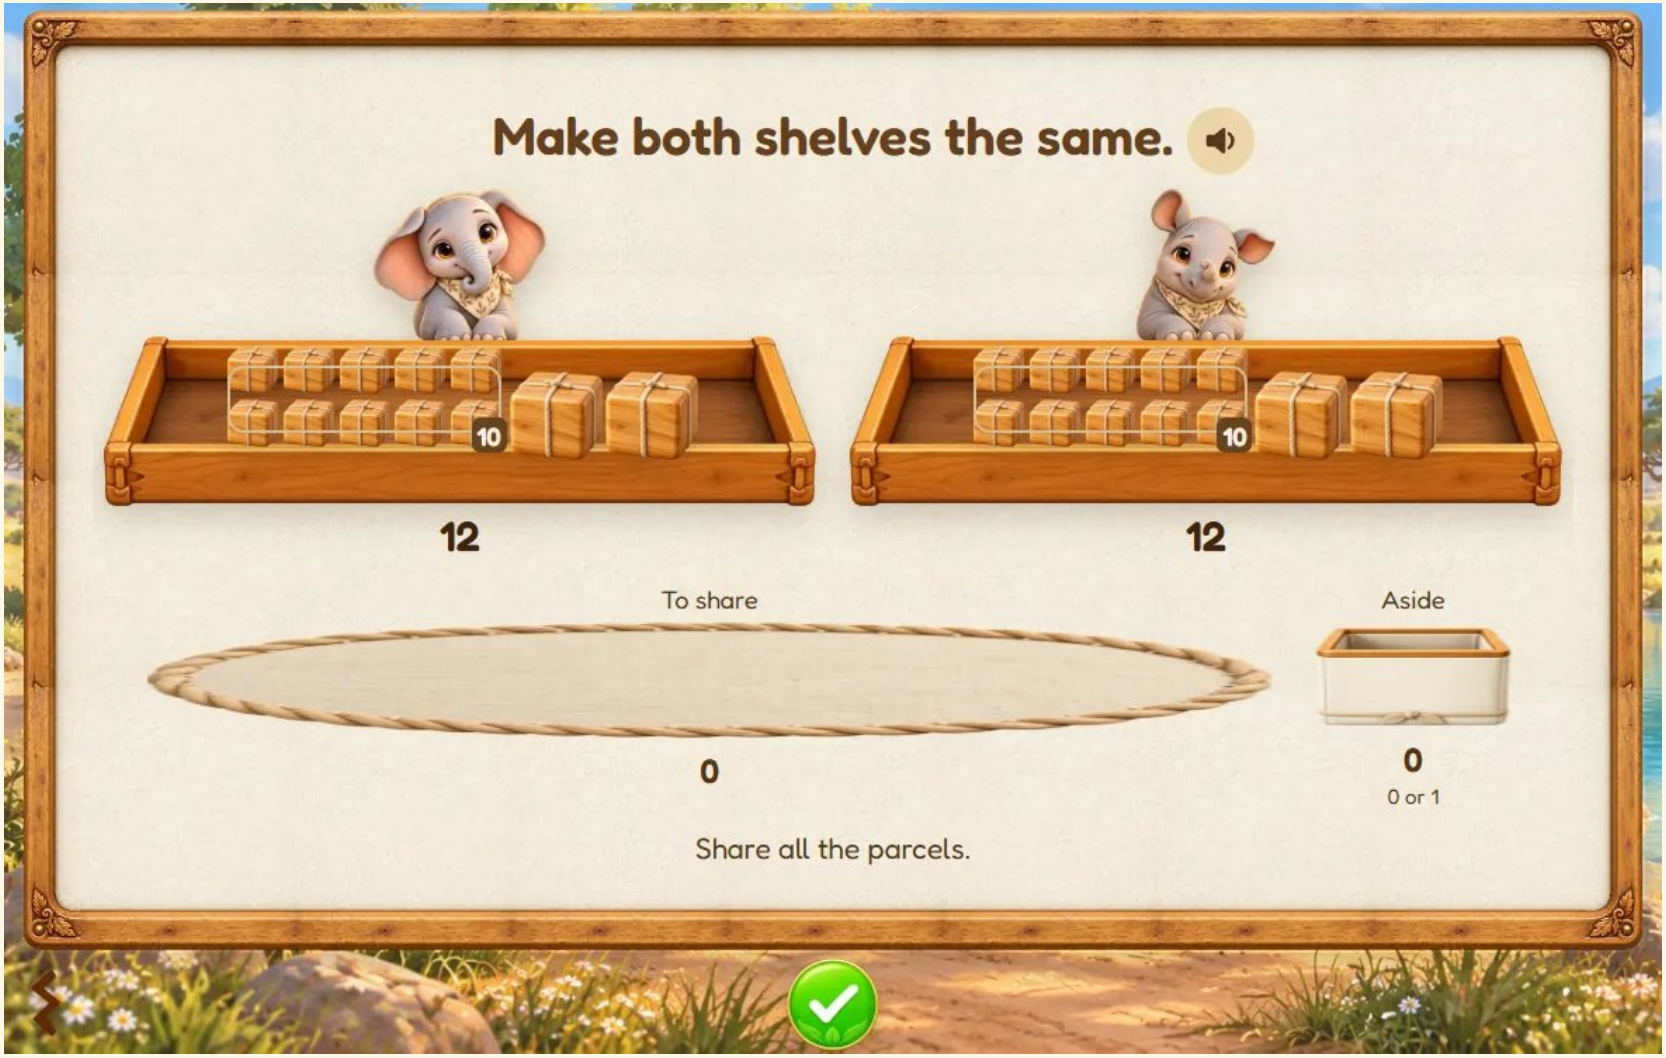
Tap a parcel, then tap a wooden shelf. Dragging works too.

Open a bundle



Pick a 10, then open it:5+5. Open a 5 for single parcels.

Keep just one aside

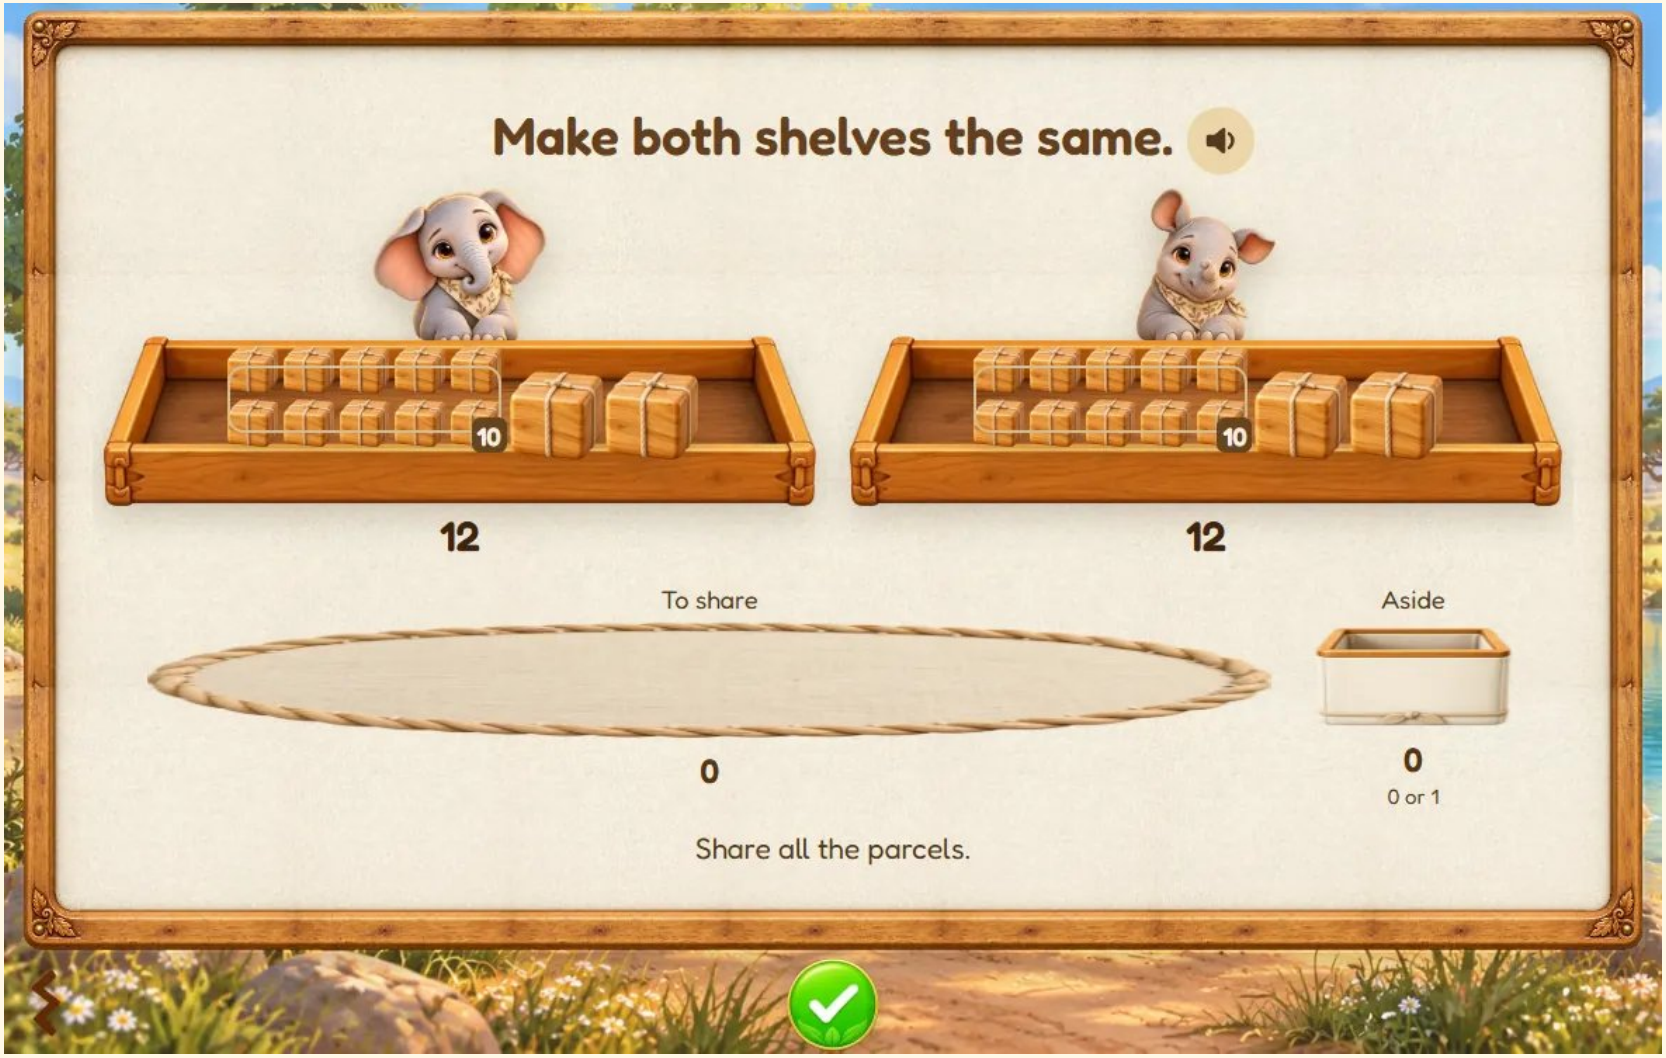


Share everything you can. Leave at most one beside the shelves.

Compare, then repair

A move takes from one shelf and gives to the other. Keep your work and change it.

Check with OK



When the delivery is empty and the shelves match, press the green OK.

Pause and get help

Pause keeps your work. The question mark opens picture help and Show me.

Ready for another delivery

Five levels, four missions each. A new level begins with four empty stars.
