Gecko: Delivery Mix-Up

A picture guide to playing together. Look. Tap. Match the order.

Tap Play and watch

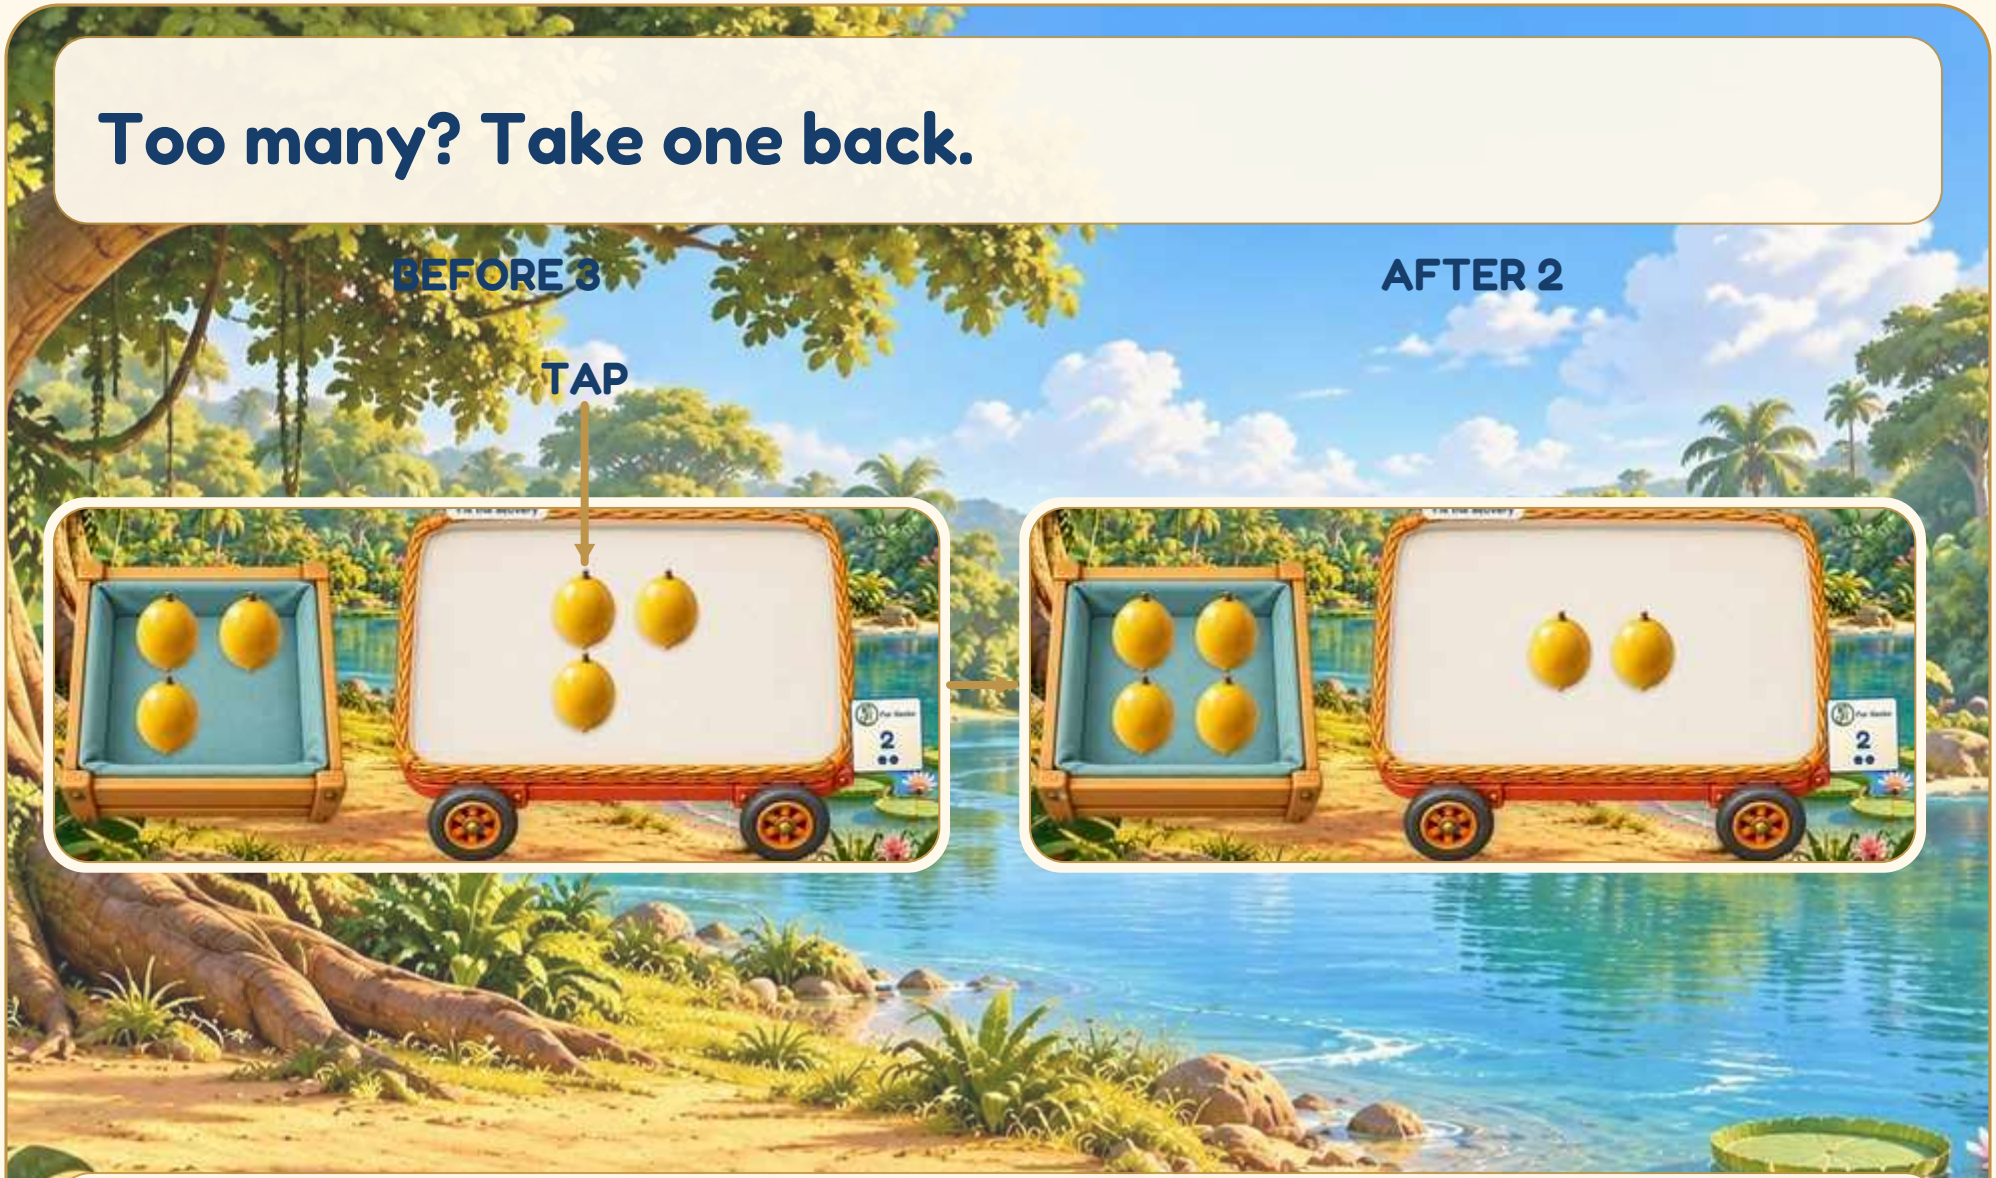
Watch two examples. After each one, tap the arrow. Then it is your turn!

Look at the order

THE ORDER

The tag shows how many pieces of fruit your friend needs. Here, the order is two.

Too many? Take one back.



Tap a fruit in the basket. It goes back to the crate. Three become two.

Too few? Add one.

2 IN THE BASKET

3 AFTER THE TAP

TAP

Tap a fruit in the crate. It goes into the basket. Two become three.

Every kind of fruit counts

ABIU

CUPUAÇU

CAMU-CAMU

Any fruit can go in. Match how many pieces there are, not their color or kind.

Ready? Tap the green check.

Count the fruit in the basket. When it matches the order, tap the green check.

You can change your mind

TRY AGAIN

THE FRUIT STAYS

If the numbers do not match, the fruit stays. Move a piece, then check again.

Your delivery is on its way!

4 / 4

Your friend says thank you. Each matching delivery earns a star. Four deliveries complete one level.
