Lion: Zero Order

READ - ACT - NOTICE

Read together, then act it out with one large object and a bowl. The picture shows the last order: zero inside, one outside.

1 **Beat 1**
The basket waits on sunny ground.
Lion takes a look around.
Elephant comes close to see:
'What will today's order be?'

2 **Beat 2**
One round marula waits nearby.
The basket's empty; peek inside.
One is outside, none within.
Which fruit should we put in?

3 **Beat 3**
Trace the rim and look once more.
Count what's inside, not on the floor.
No fruit to touch, no fruit to show:
An empty basket means zero.

4 **Beat 4**
'I'd like just one,' says Lion. 'Please.'
Move that fruit inside with ease.
'Now make zero.' Take it out.
Check the empty space, no doubt.

5 **Beat 5**
The fruit is back upon the mat.
The basket's empty; look at that.
Zero matches. Tap the check.
Lion smiles. What's coming next?

Lift it in, then lift it out. / Zero is an amount to shout.

ORI'S THOUGHT

Zero tells how many are inside when the basket is empty.

Chant

Look inside. / Move one. / Check your basket.
