

Capybara: Fruit Shuffle

A picture guide for little players.

WATCH | COMPARE | CHOOSE | OK

Meet your picnic friends

The capybara keeps her berries. Watch Aro's plate.

Three berries each. Each friend has their own plate.

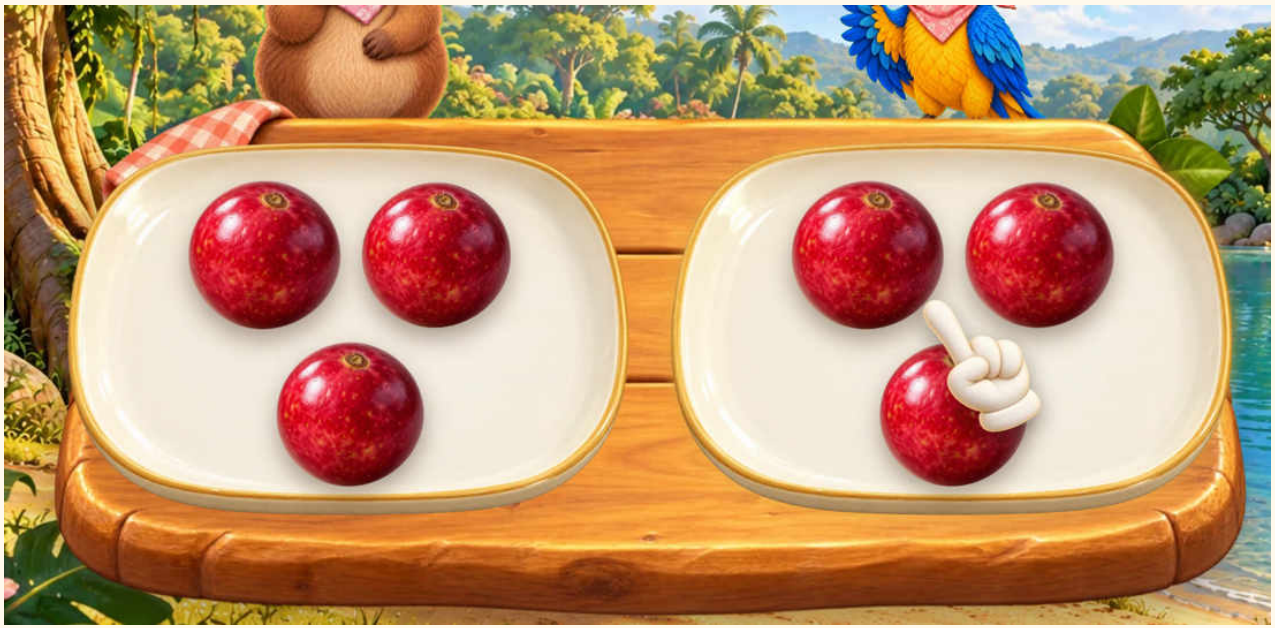

Tap Play, then watch.

The pointing hand shows you what to do. Then it is your turn.

1 Tap Play

2 Watch the hand

Watch the pointing hand. Then try it yourself.

Watch Aro's plate.

Look at both plates before and after Aro's berries move.

Two berries on each plate.

BEFORE

AFTER

Only the spacing changes.

Moving keeps the number.

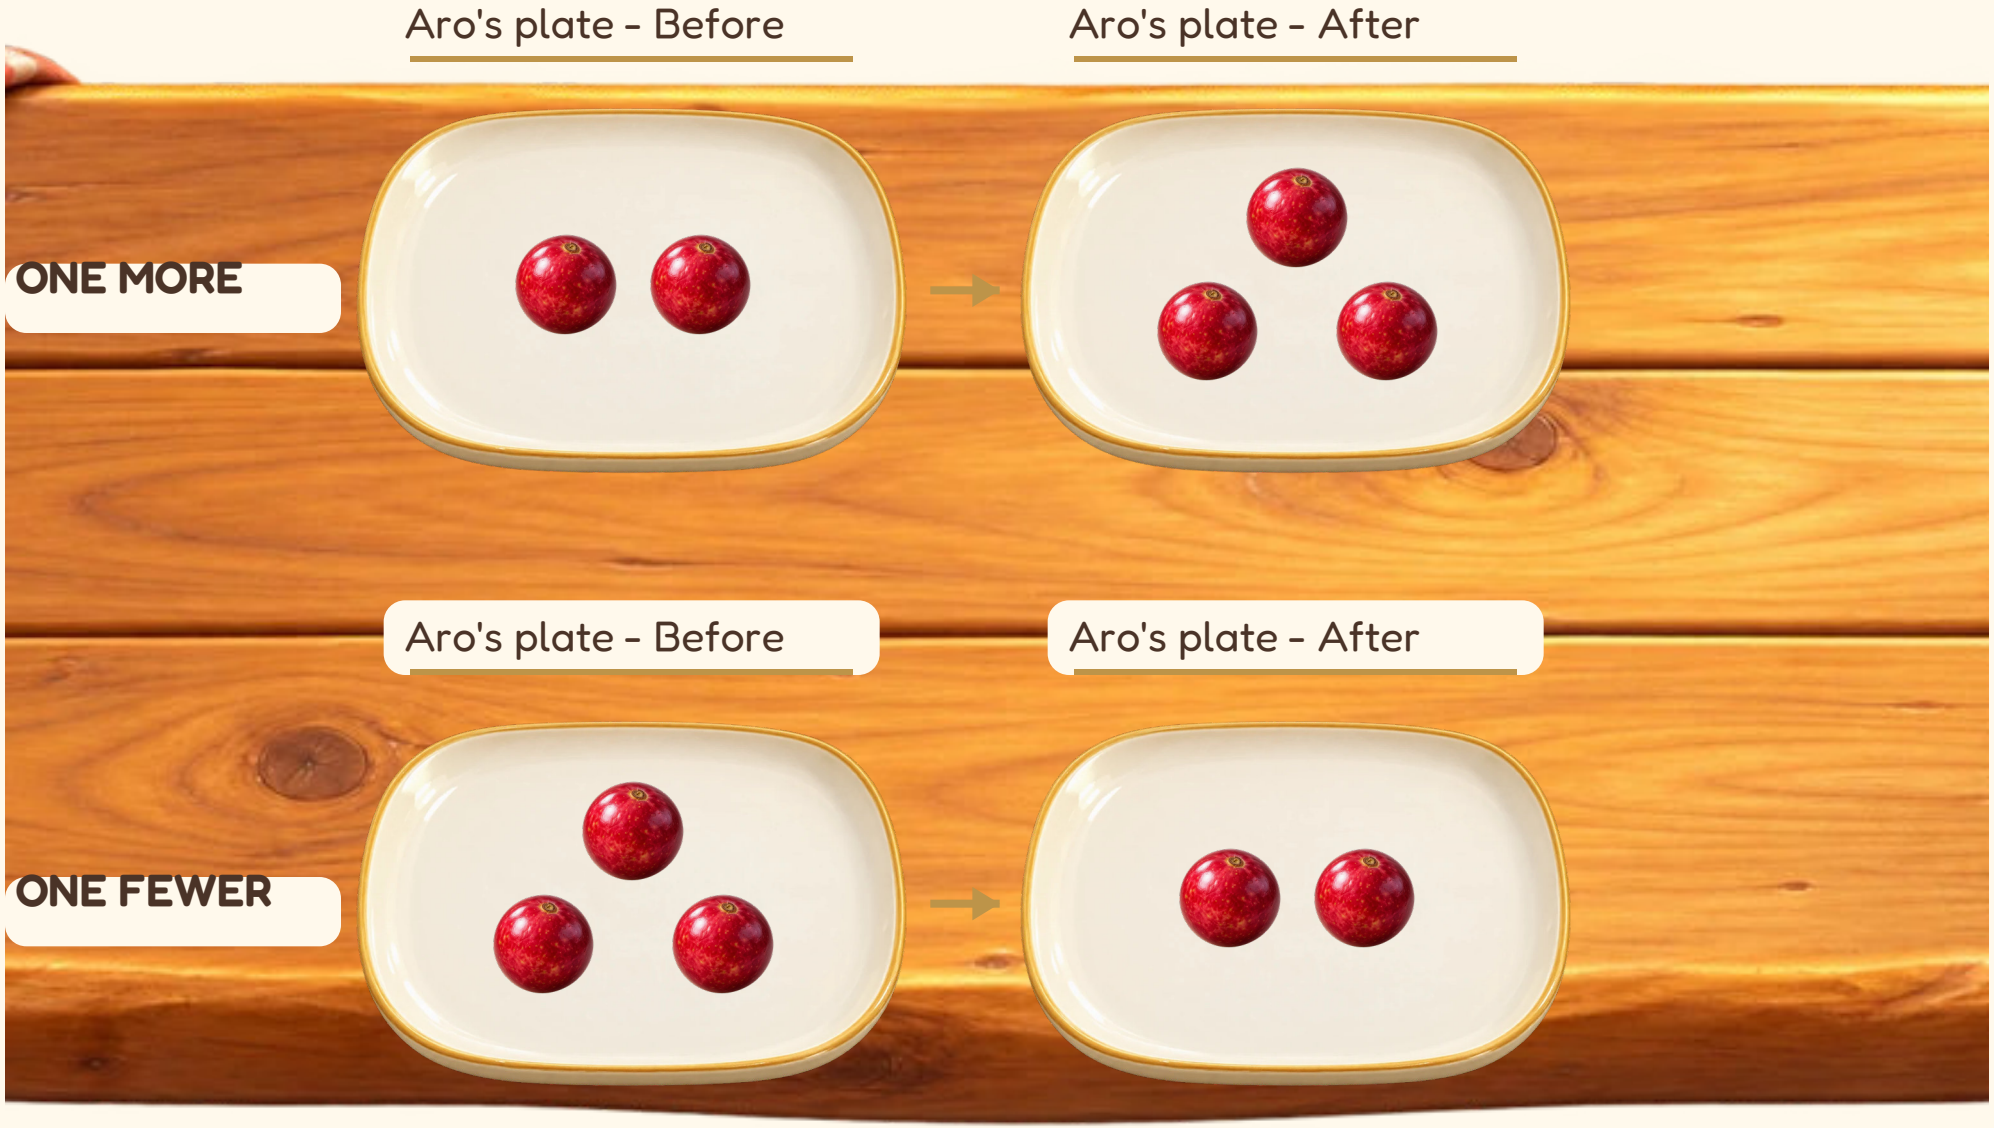

The berries spread out. There are still the same number on each plate.

The spacing can change while the count stays the same.

One joins or leaves.

One more or one fewer makes a different number.

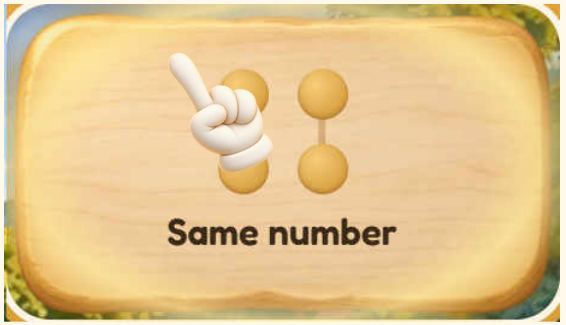

Choose your answer.

Tap Same number or Different number. You can change your choice.

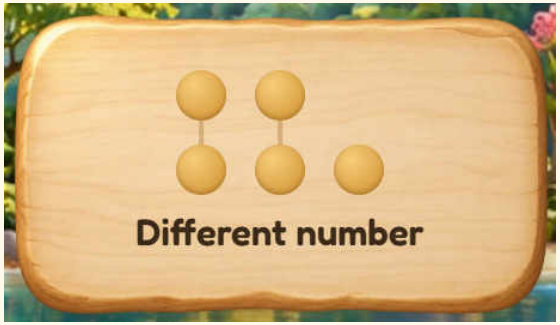

Both plates have two berries.

Selected: Same number

Different number

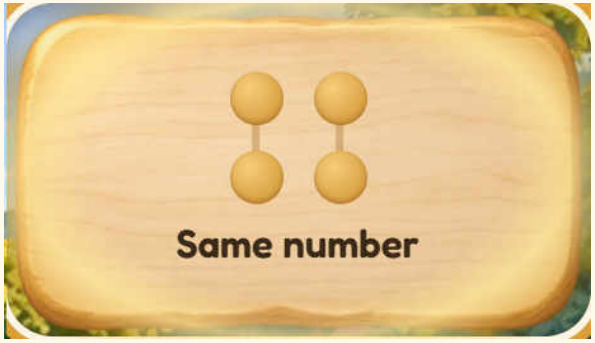

Pick a tile. You may change it before checking.

Then tap OK.

Your answer is checked only after you tap OK.

1 Choose

2 Tap OK

A happy cheer!

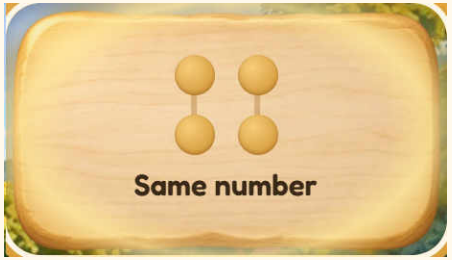

Look! Both plates have two.

Try again is okay.

Count both plates. Choose again, then tap OK.

Try again

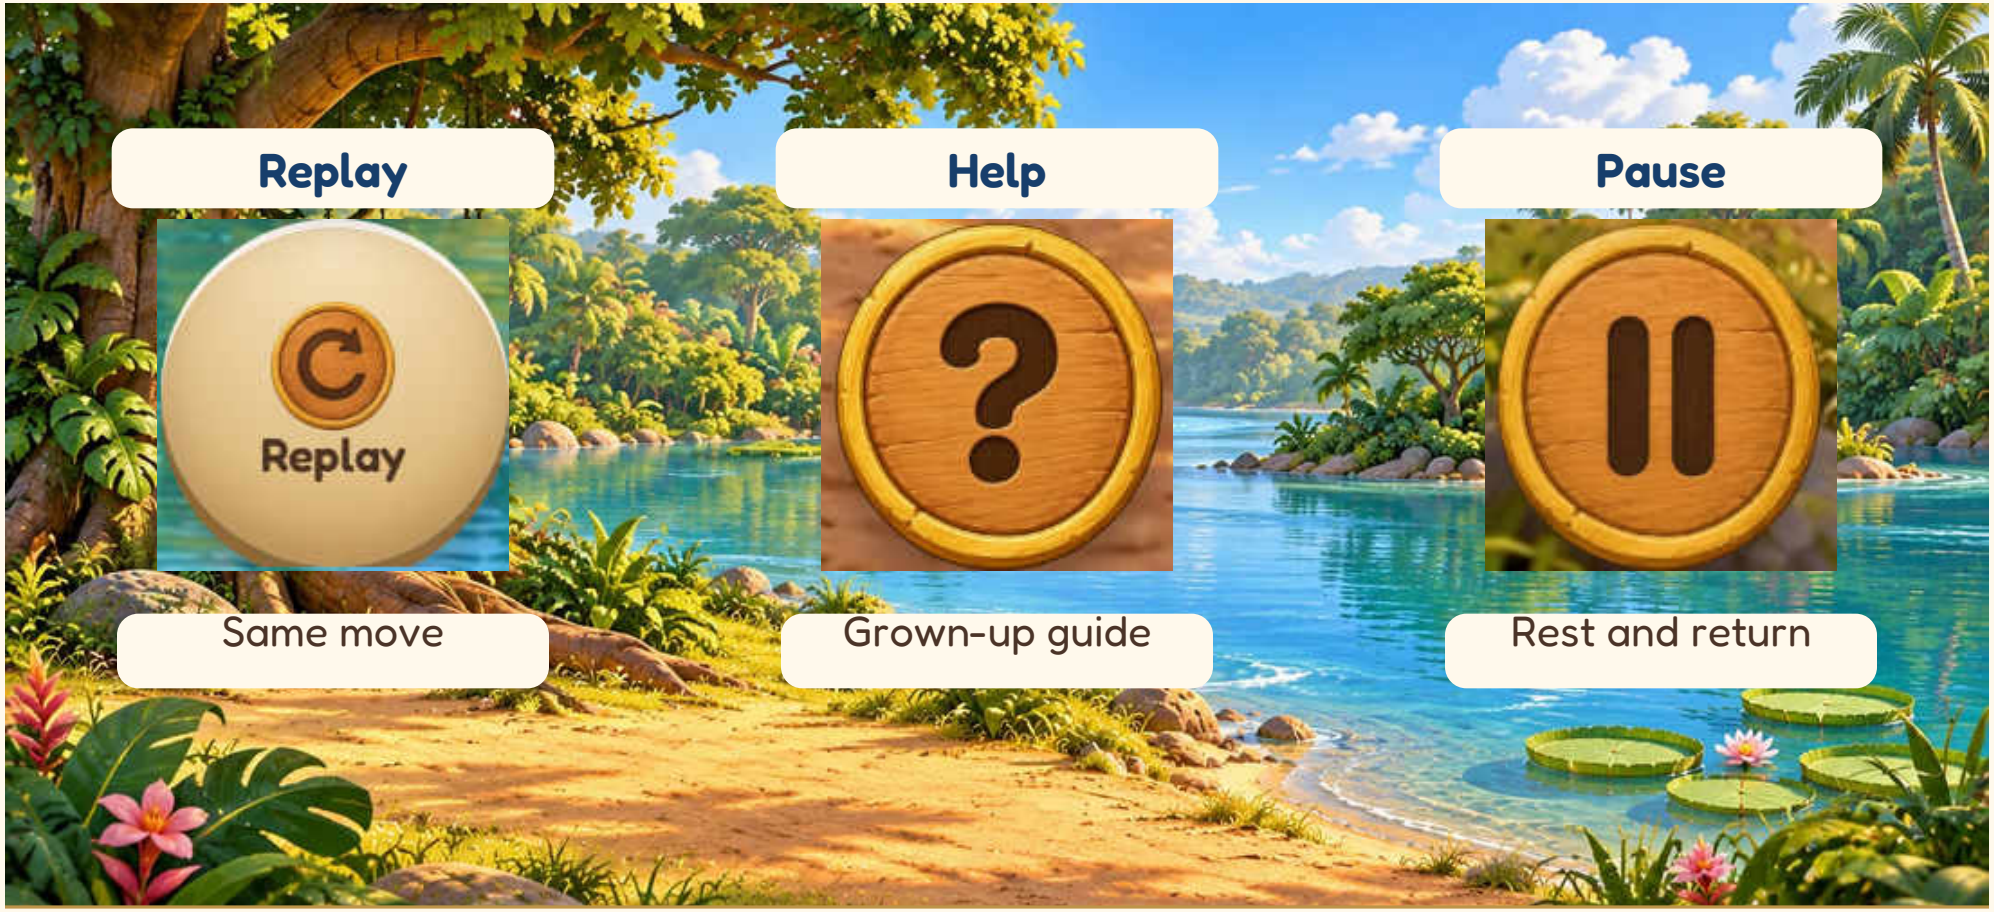

Take your time. You can try again.

Take another look.

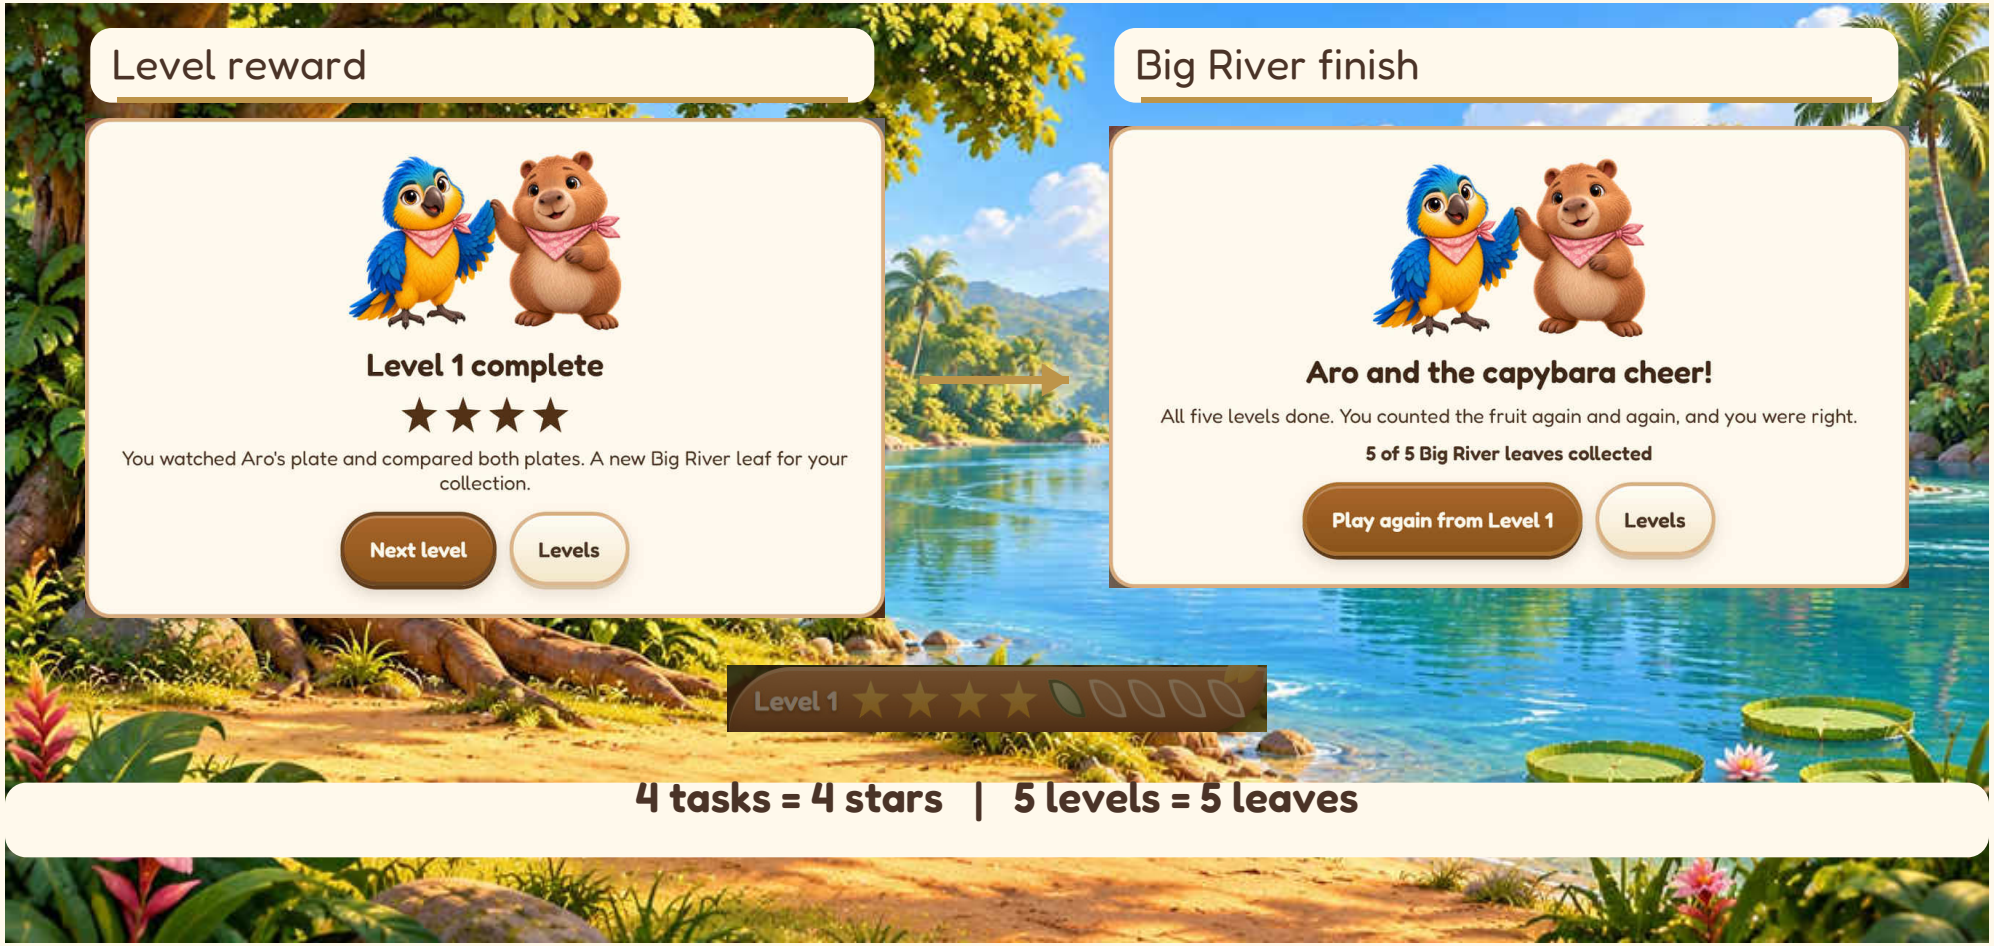

Replay shows the same move. Use ? for help, or pause when you need a rest.

Look again, ask a grown-up, or take a little rest.

Stars, leaves, and a happy finish

Each task earns a star. Each level earns a leaf. Finish all five levels for a song.

4 tasks = 4 stars | 5 levels = 5 leaves

Ready for a picnic?

Watch. Compare. Choose. OK.

A picnic is more fun when everybody gets a turn.
