

For Grown-Ups: Answers & Little Hints

Capybara: A Place in Line

For the CAPYBARA: A PLACE IN LINE worksheet set, v1

You do not need to print this page. Take a look when you want to check an answer or help your child get started.

Start at the boat. Count only the friends waiting on the dock; Aro, perched over the water, is outside the line.

AGE 2.5-3 Look and point

WHO IS FIRST IN LINE?
Little hint: Point to the boat's entrance. Who would step aboard next?
Answer: Capybara - the left answer picture.

AGE 4 Find second and circle

WHO IS SECOND IN LINE?
Little hint: Start at the boat. Touch each waiting friend in order, saying each place aloud.
Answer: Capybara - the right answer picture.

AGE 5 Use both clues

IN THE LINE: NOT FIRST, NOT LAST. WHO FITS?
Little hint: Look only at the line. Check each friend against both clues.
Answer: Capybara - the middle answer picture.
Why: The geckos are at the ends; Capybara is between them.

AGES 6-7 Find a place, then imagine a change

1. WHAT PLACE IS CAPYBARA?
Little hint: Start at the boat and name each friend's place as you move along the line.
Answer: 2nd - the middle box in the top answer row.

2. A GECKO JOINS AT THE FRONT. WHAT PLACE IS CAPYBARA NOW?
Little hint: Point to where the newcomer would wait. Trace the new order from the boat.
Answer: 3rd - the right box in the bottom answer row.
Why: The new gecko joins before everyone else, moving Capybara one place farther from the front.

A gentle reminder

Pointing or saying an answer can show the same understanding as making a mark. Let your child change their mind. Optional coloring has no single correct color or style.
