Lino: A Place for the Late Parcel · Answer Key

Card 1 · Neighbors, Both Sides · Ages 5–7

Connect parcel 20 to the two parcels that can sit beside it. Choose a gap now, then check the other side.

Legal alternatives, one per attempt: gap 2 (10–30).

Parcel 40 arrives. Choose a gap that leaves both neighbors in order.

Legal alternatives, one per attempt: gap 3 (30–50).

Card 2 · A Window to Repair · Ages 6–7

Parcel 35 is marked between 40 and 60. Repair the window by choosing the legal gap.

Legal alternatives, one per attempt: gap 2 (20–40).

Invent a different whole number from 40 through 60 for the gap between 40 and 60.

Accepted: gap 3 (40–60) with any whole number 40–60.

Checking note

Paths, arrows, rings, handwriting, and coloring are not read as text. Tablet checks accept every listed value and fixed gap. A correct check is practice feedback, not a measure of overall ability.

Rows stay in nondecreasing order. Equal amounts may stand together.

Lino: A Place for the Late Parcel · Answer Key

Card 3 · Equal Parcels Belong · Ages 5–7

Choose a legal gap for parcel 25. Try another place too.

Legal alternatives, one per attempt: gap 2 (15–25)or gap 3 (After 25).

Keep the row 15, 25, 25. Choose a legal gap for another 25. Try another place too.

Legal alternatives, one per attempt: gap 2 (15–25)or gap 3 (25–25)or gap 4 (After 25).

Card 4 · The Ends Are Places Too · Ages 5–7

Invent a whole number from 0 through 10 for the place before parcel 10.

Accepted: gap 1 (Before 10) with any whole number 0–10.

Invent a whole number from 30 through 100 for the place after parcel 30.

Accepted: gap 3 (After 30) with any whole number 30–100.

Checking note

Paths, arrows, rings, handwriting, and coloring are not read as text. Tablet checks accept every listed value and fixed gap. A correct check is practice feedback, not a measure of overall ability.

Rows stay in nondecreasing order. Equal amounts may stand together.
