Zebra: The Same Ones Elevator

The little lift is set to go.
Its ones stay safe, its tens can grow.

A whole ten joins the waiting load.
The same ones take the upward road.

One whole ten leaves; the load grows small.
The ones stay put through every call.

Some tickets need a different place.
We move the card and leave some space.

Tens may change, but ones stay true.
Look, compare, and choose what to do.

Keep the ones. Explore whole tens.
