GOAL

Look at the goal

12 supplies → 1 pack + 2 loose
Make 1 pack and 2 loose. Keep all 12 supplies.

Make 1 pack and 2 loose.

Tap the order to hear the goal again.

1 in chute · 9 in tray · 2 loose

1 pack

2 loose

Pack one

Tap Pack. If the chute is empty, take one from the bowl.

9 in tray + 3 loose

1 pack + 2 loose

A ten

Ten pouches make exactly one pack.

The full tray seals itself.

9 in tray + Pack

10 pouches

1 pack

1 pack + 2 loose

Loose one

Tap Loose to send one chute pouch to the bowl.

If the chute is empty, Loose returns one tray pouch.

2 in tray + 2 loose

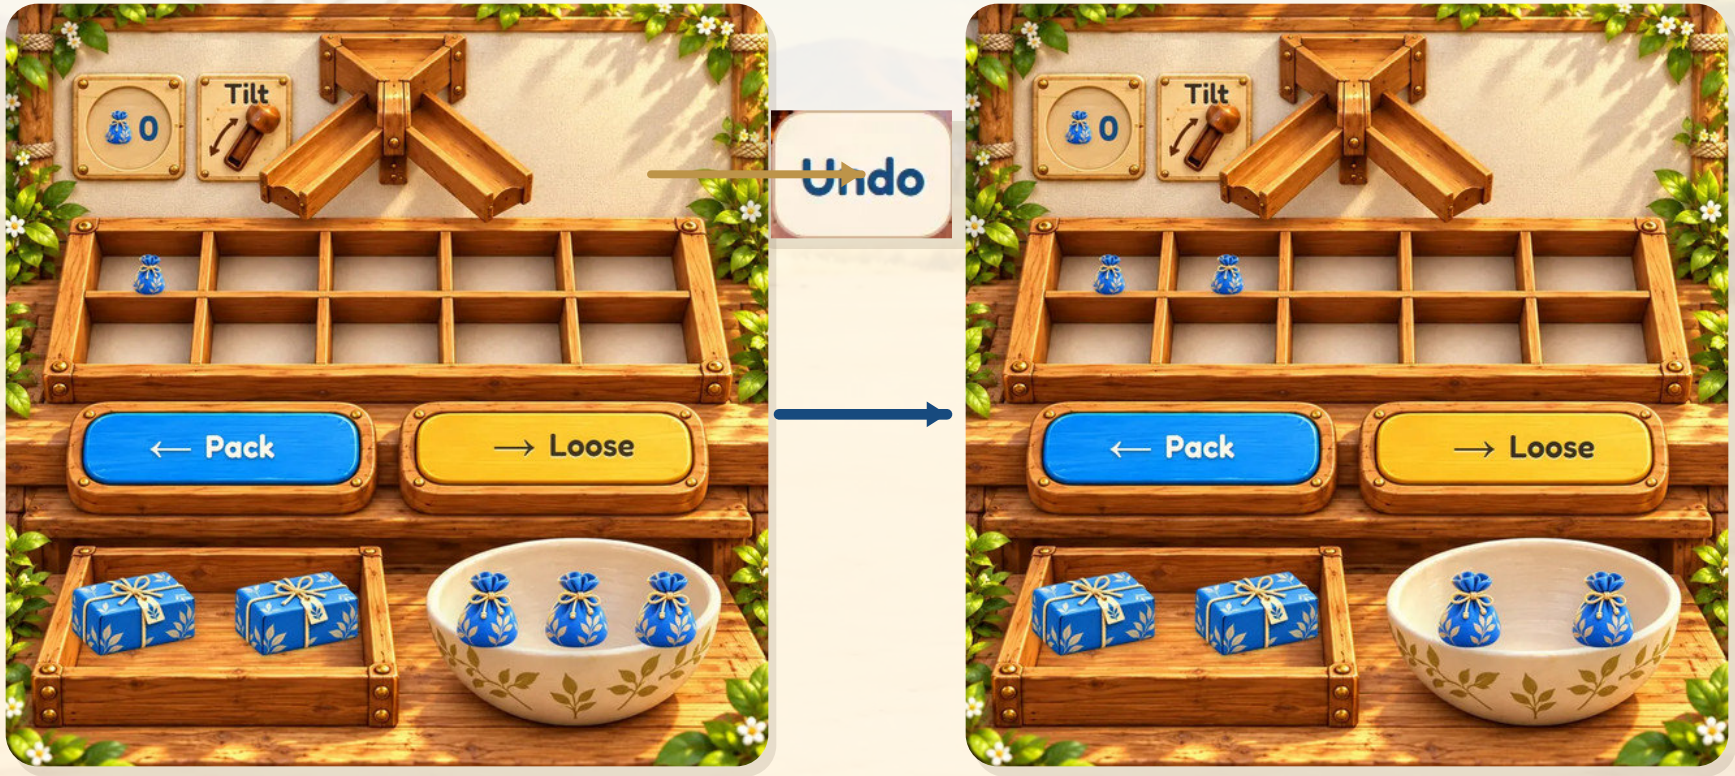

1 in tray + 3 loose

Loose stays loose. It never packs itself.

Undo

Want to change your last move?

Tap Undo. The exact previous physical state returns.

1 in tray + 3 loose

2 in tray + 2 loose

Unpack

Tap Unpack. One pack becomes ten loose pouches.

The total stays the same.

2 packs + 4 loose / 24

1 pack + 14 loose / 24

1 pack

10 loose

Opening one pack never changes the total.

Pack limit

Follow the pack limit.

34 supplies: 3 packs + 4 loose become 2 packs + 14 loose after Unpack.

34 supplies before and after. Limit: 2 packs.

BEFORE — 3 packs + 4 loose

34 supplies

AFTER — 2 packs + 14 loose

34 supplies

Check and try

Does your packing match?

Tap the green check.

Not yet? Your packing stays. Repair it with Pack or Loose, then tap OK.

9 in tray + 3 loose

OK after repair

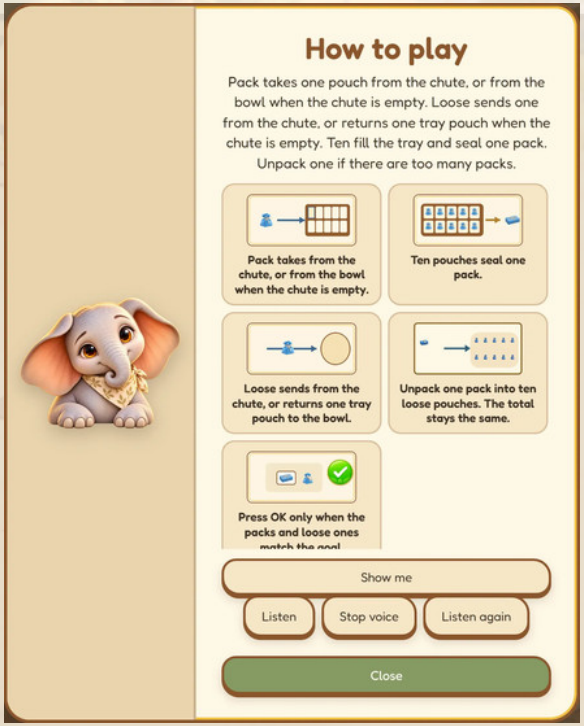

1 pack + 2 loose

Help and rest

Need a hand? Tap ?.

Need a rest? Tap Pause.

Your current packing stays when you pause or open Help.
