Lino: A Place for the Late Parcel

Tap Play to begin.

The old crates stay in order. Find a place for one late parcel.

Move the window to a gap.

Slide the window

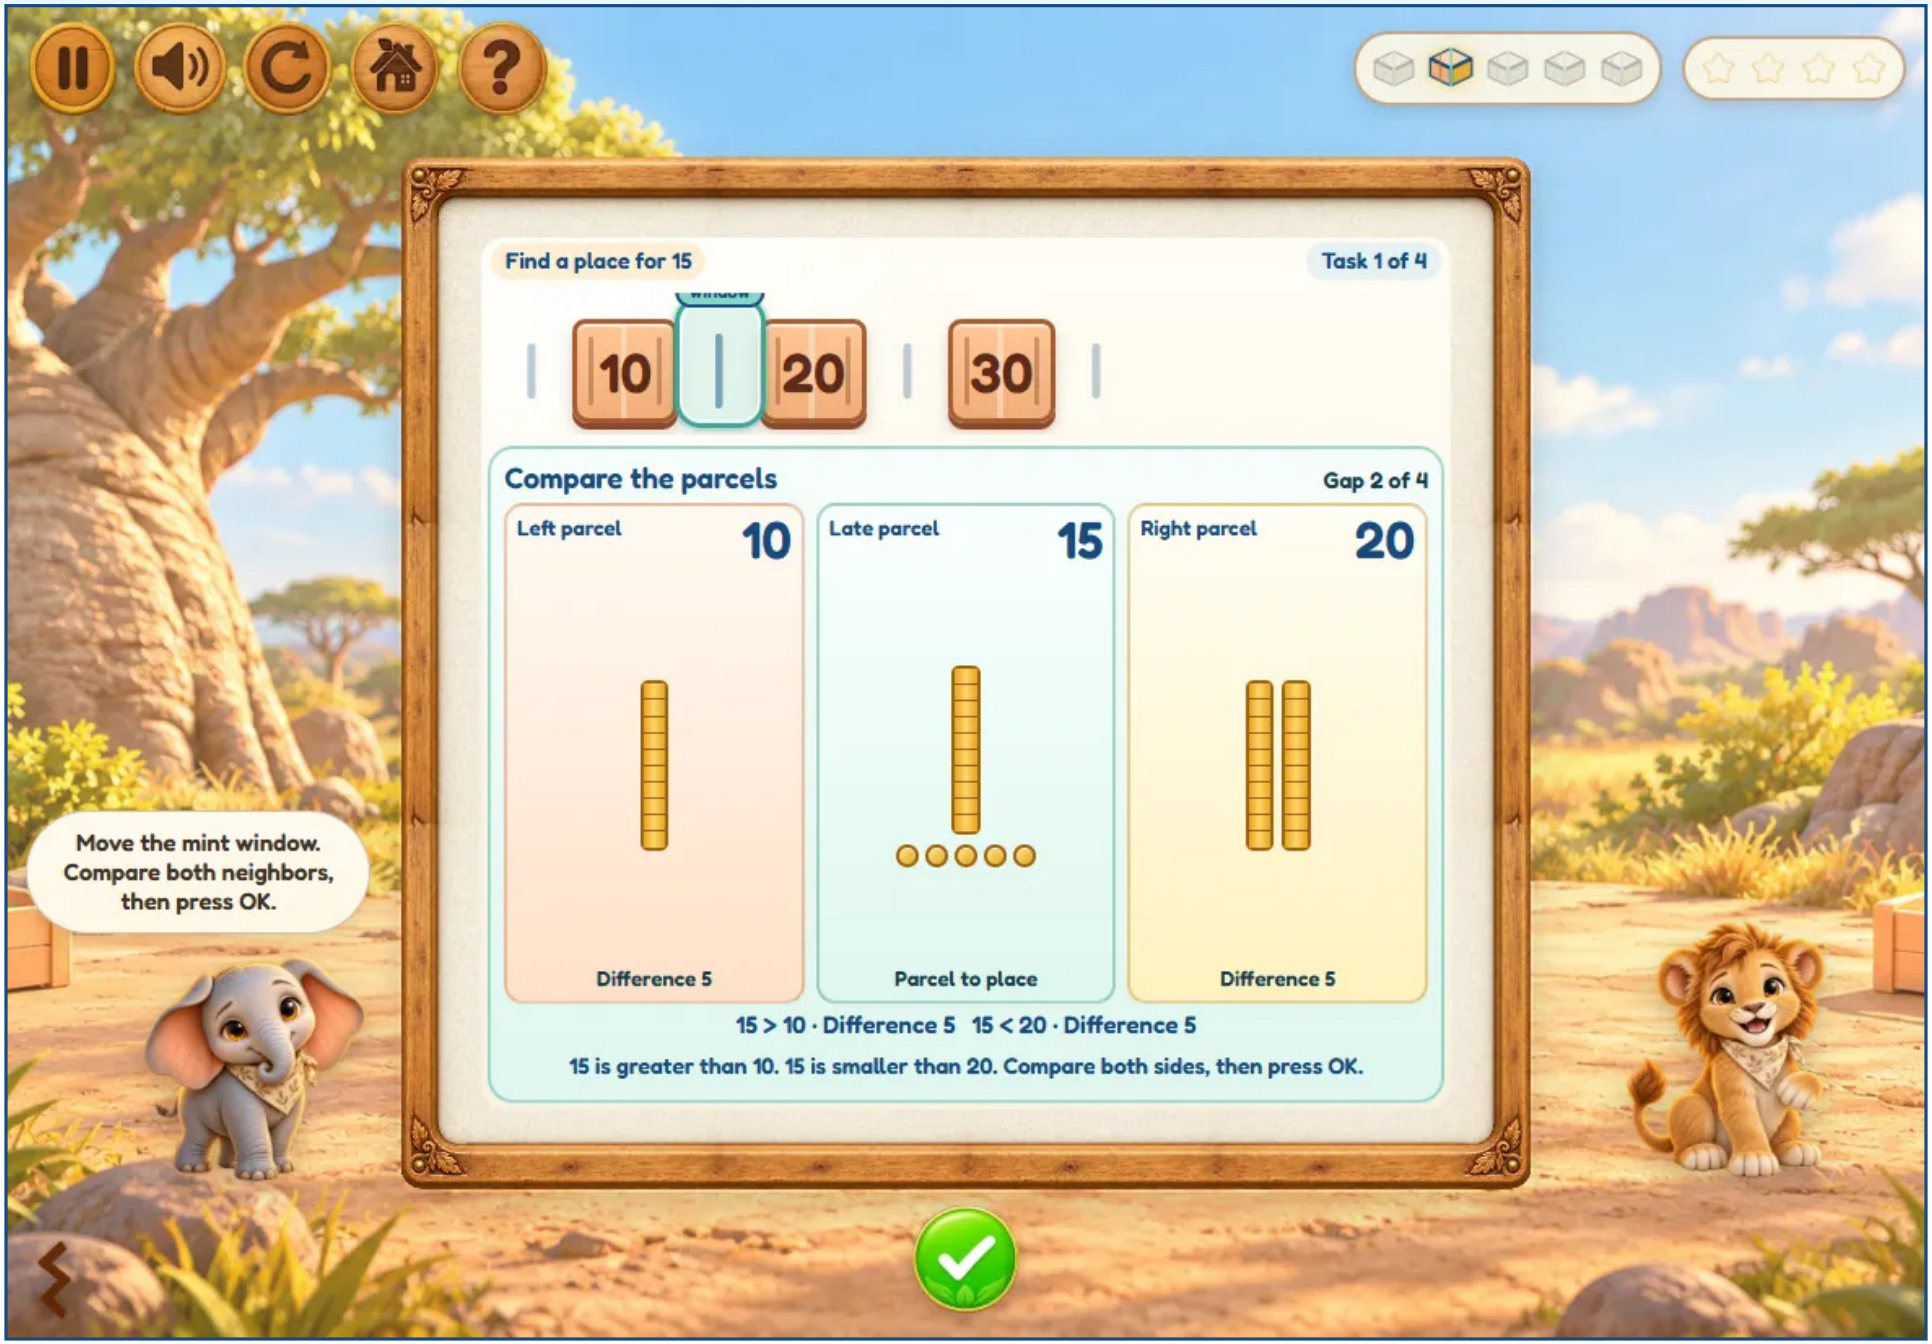

You change only the place of the new parcel. Its beads stay inside it.

Look on both sides

Compare left and right.

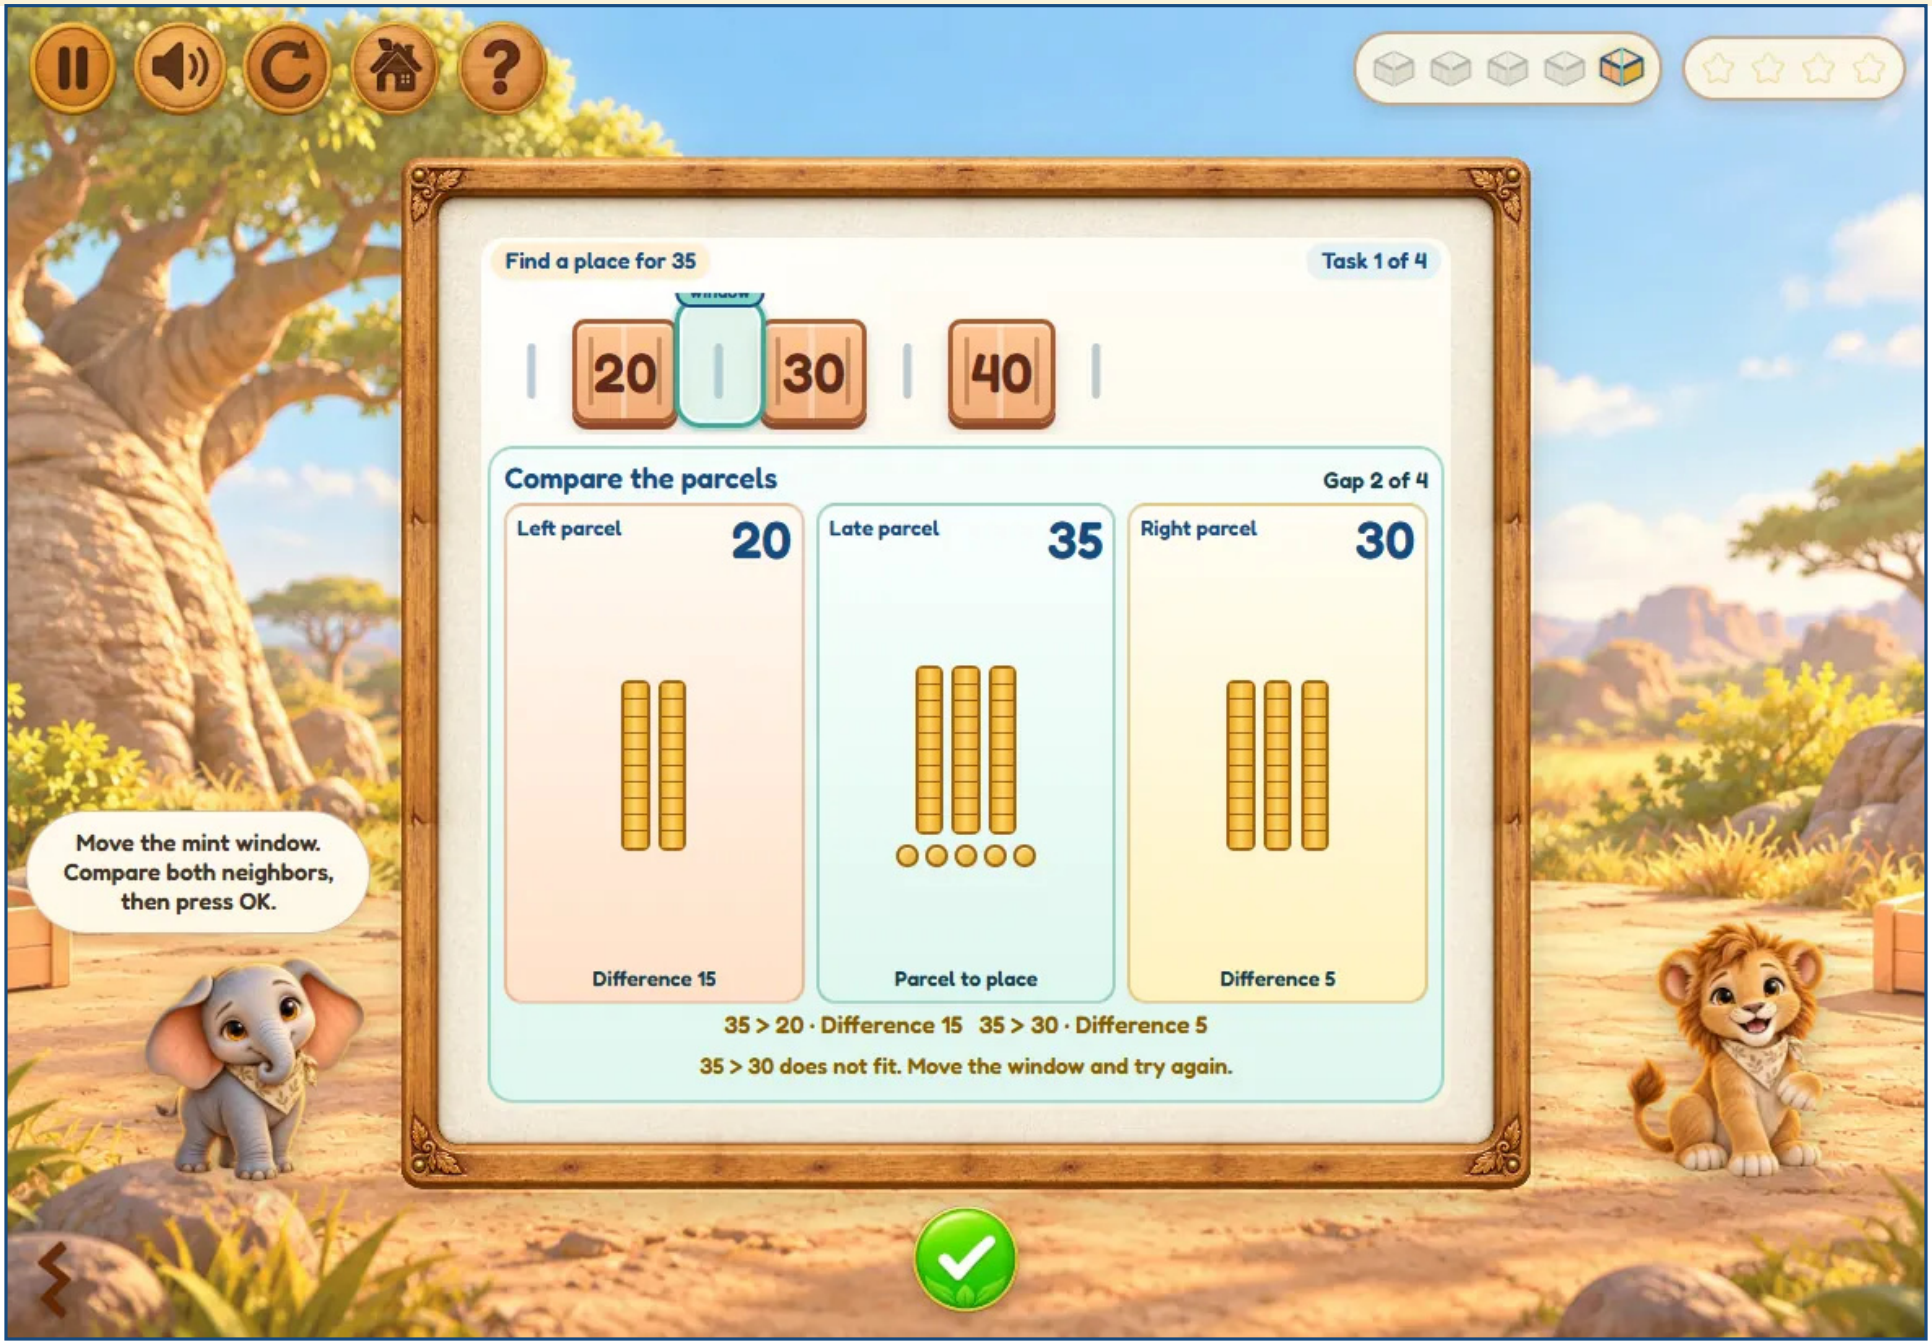

The left neighbor must be no greater. The right neighbor must be no smaller.

Move after a mismatch.

Try a new place

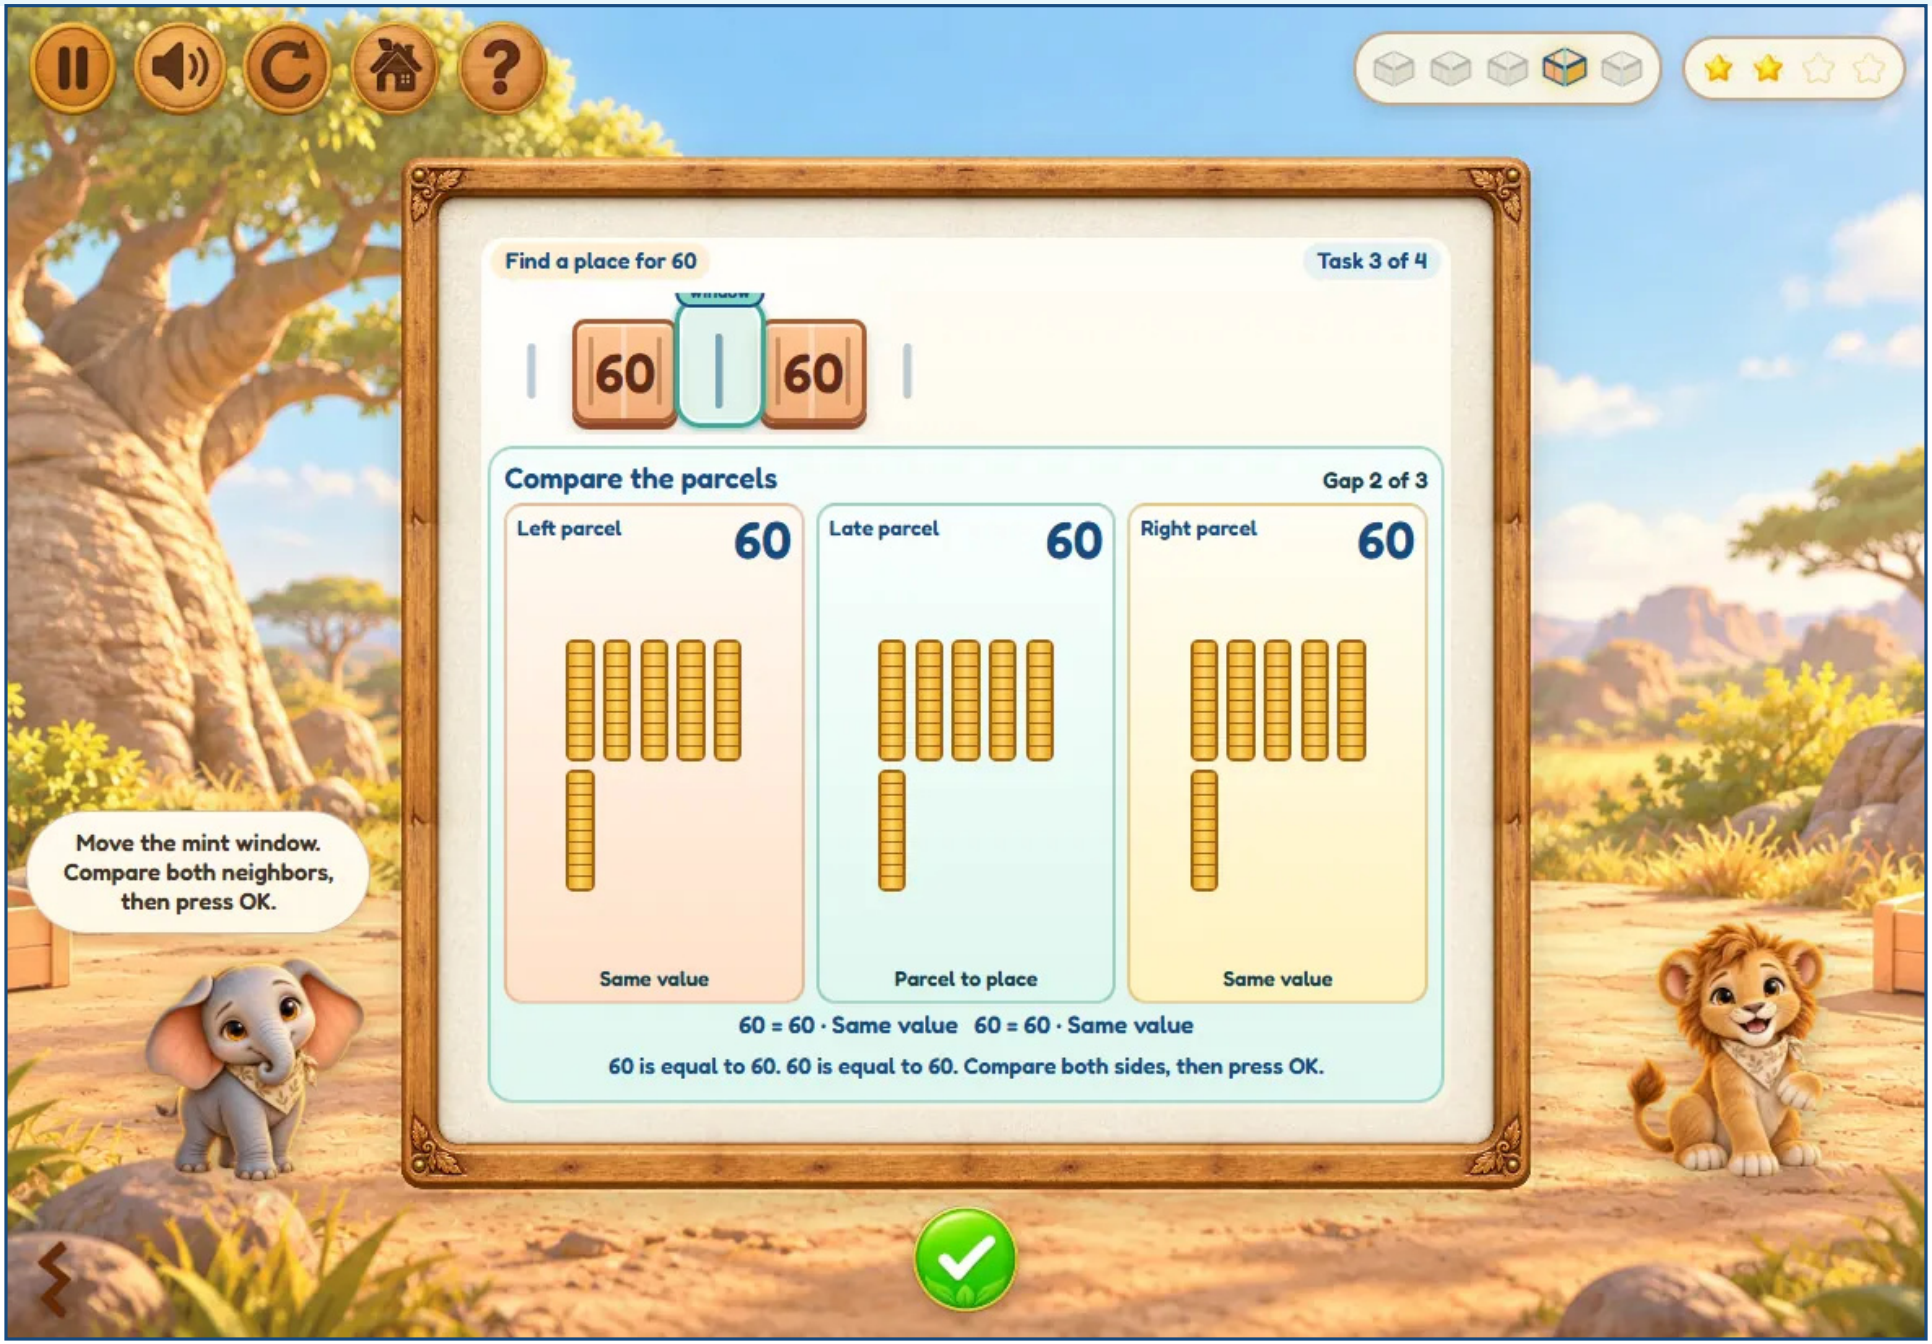

A failed comparison stays useful. Find the side that does not fit, then slide the window.

Equal can stand together

Check every tied gap.

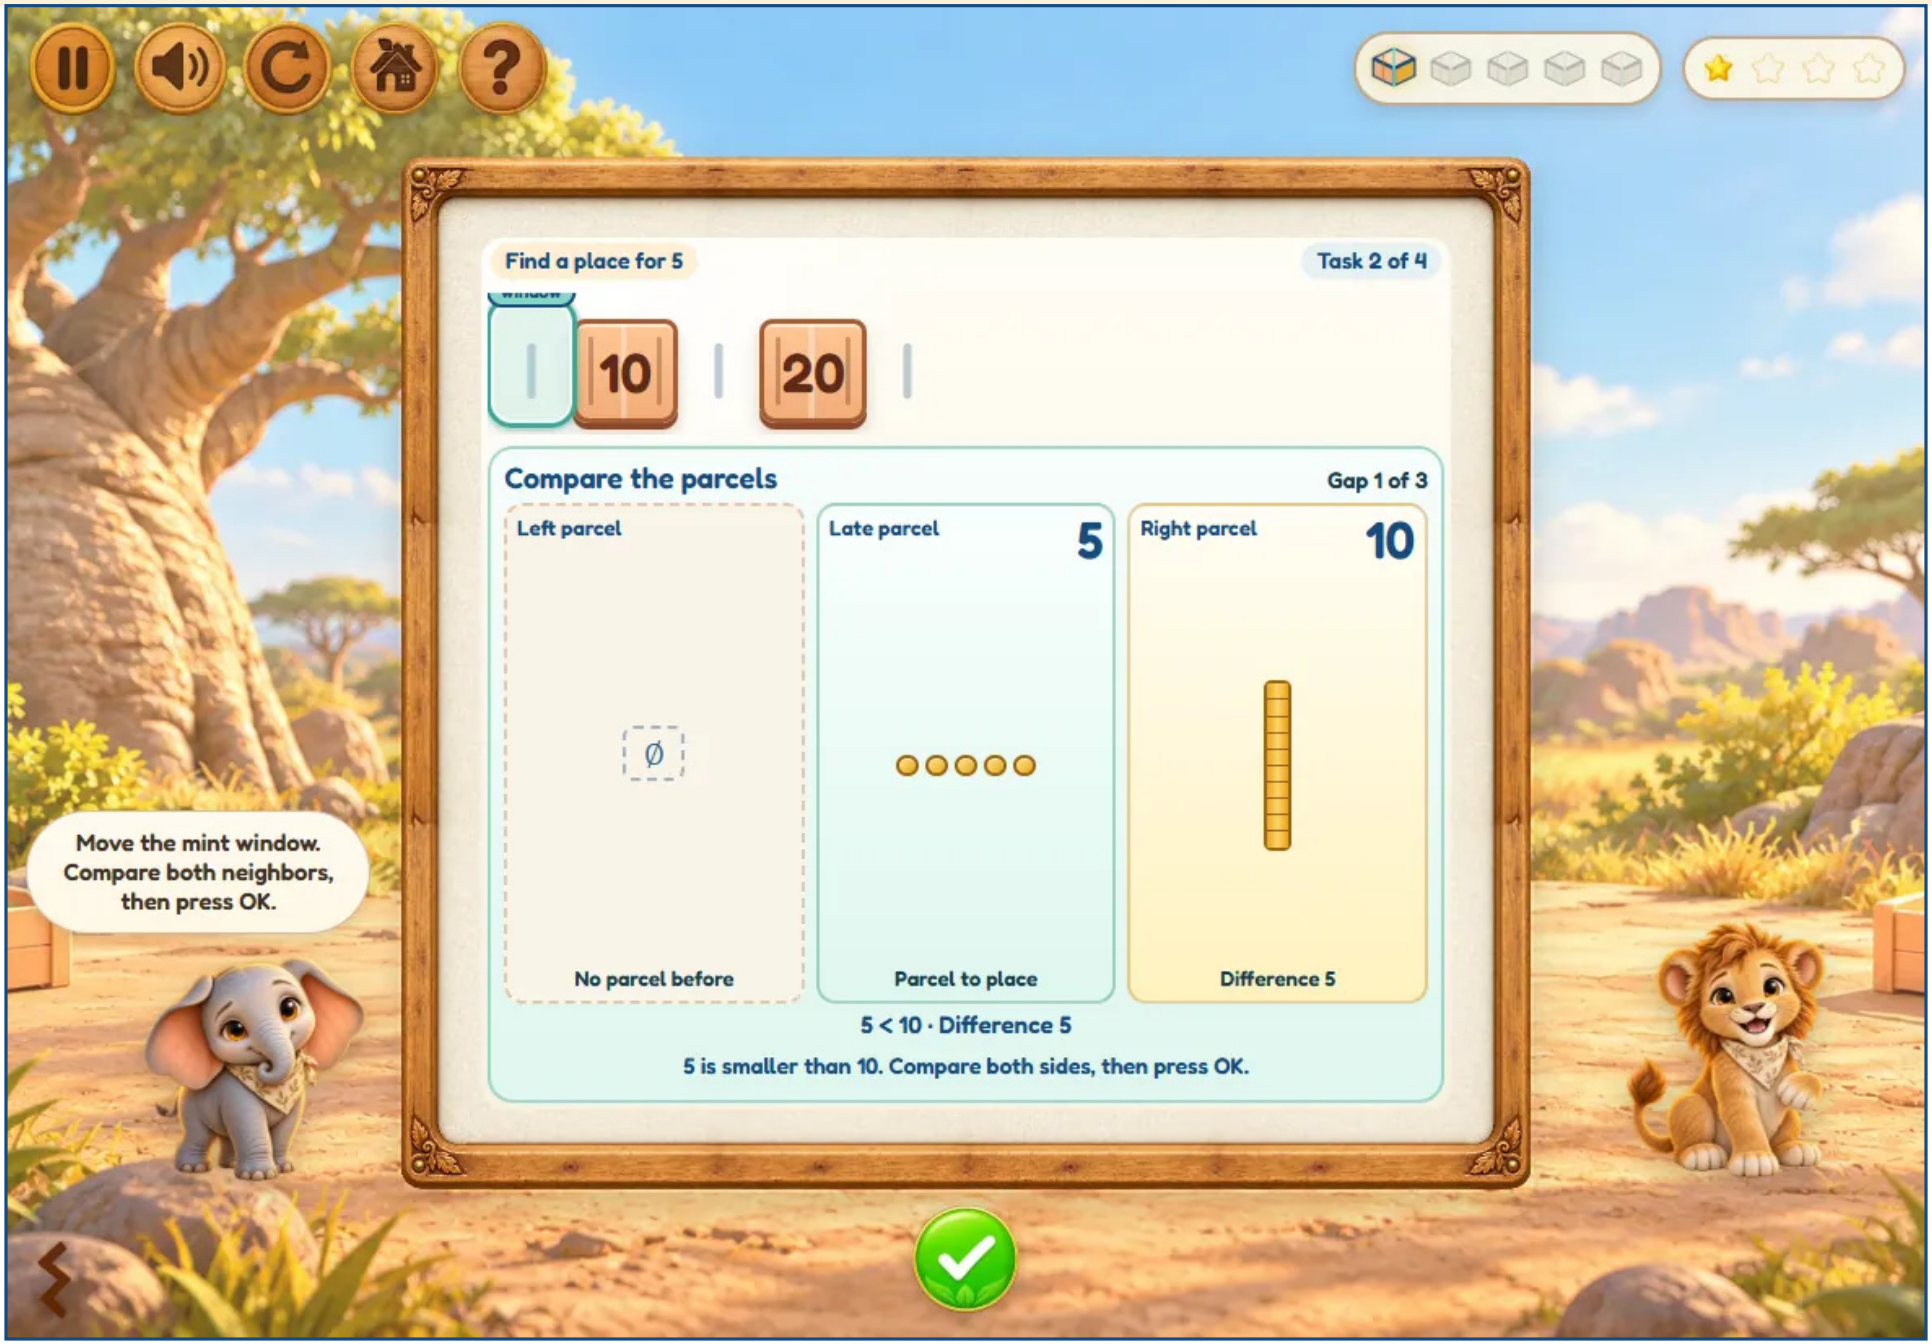

When both neighbors match the parcel, more than one place can work.

Check the one visible neighbor.

The ends are places

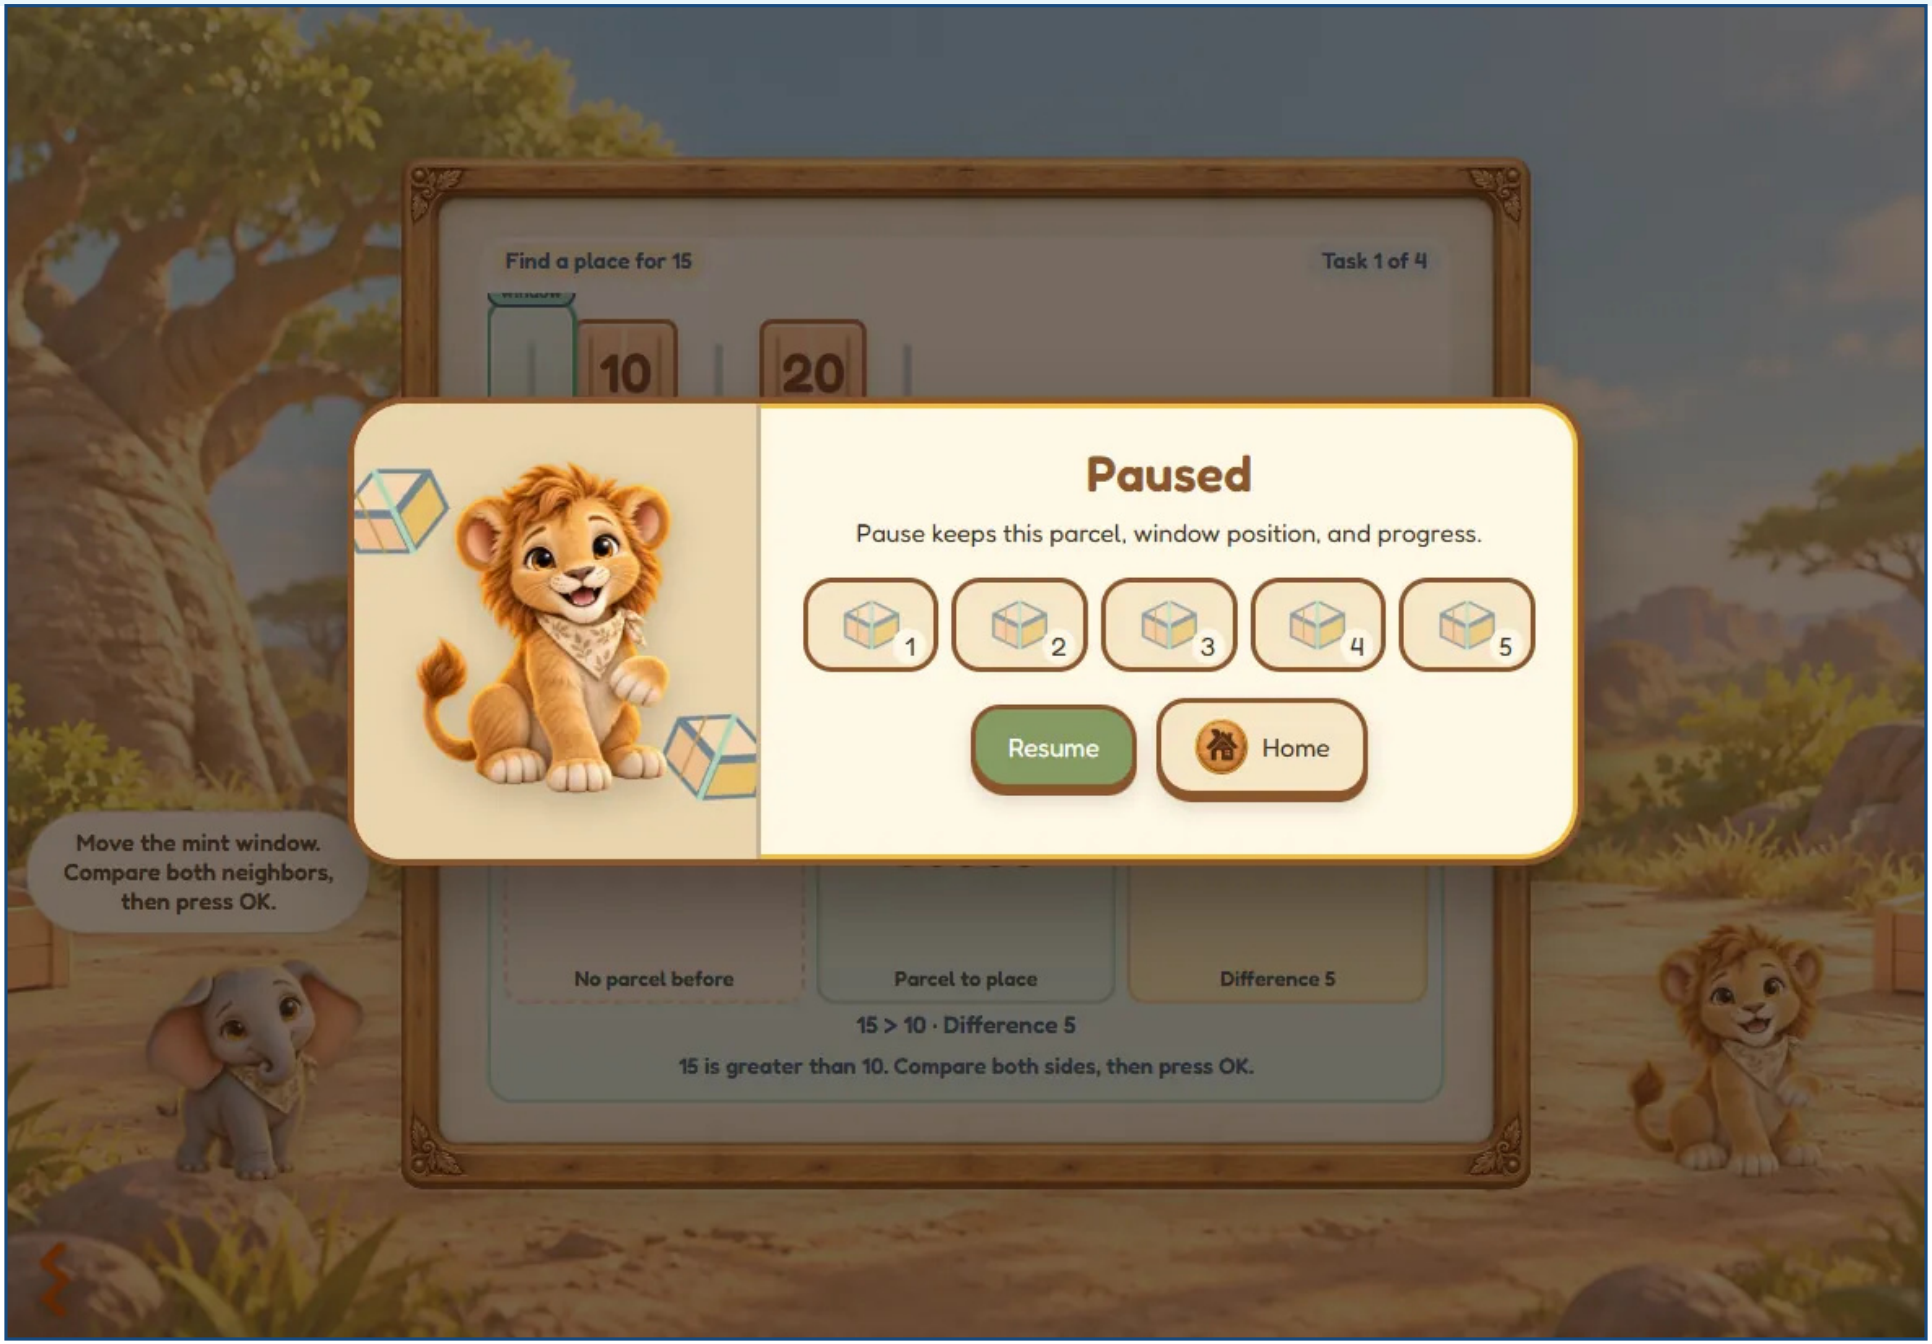

At the beginning or end, one side is open and the other side still gives a useful clue.
