# Rhino: Two Equal Shelves

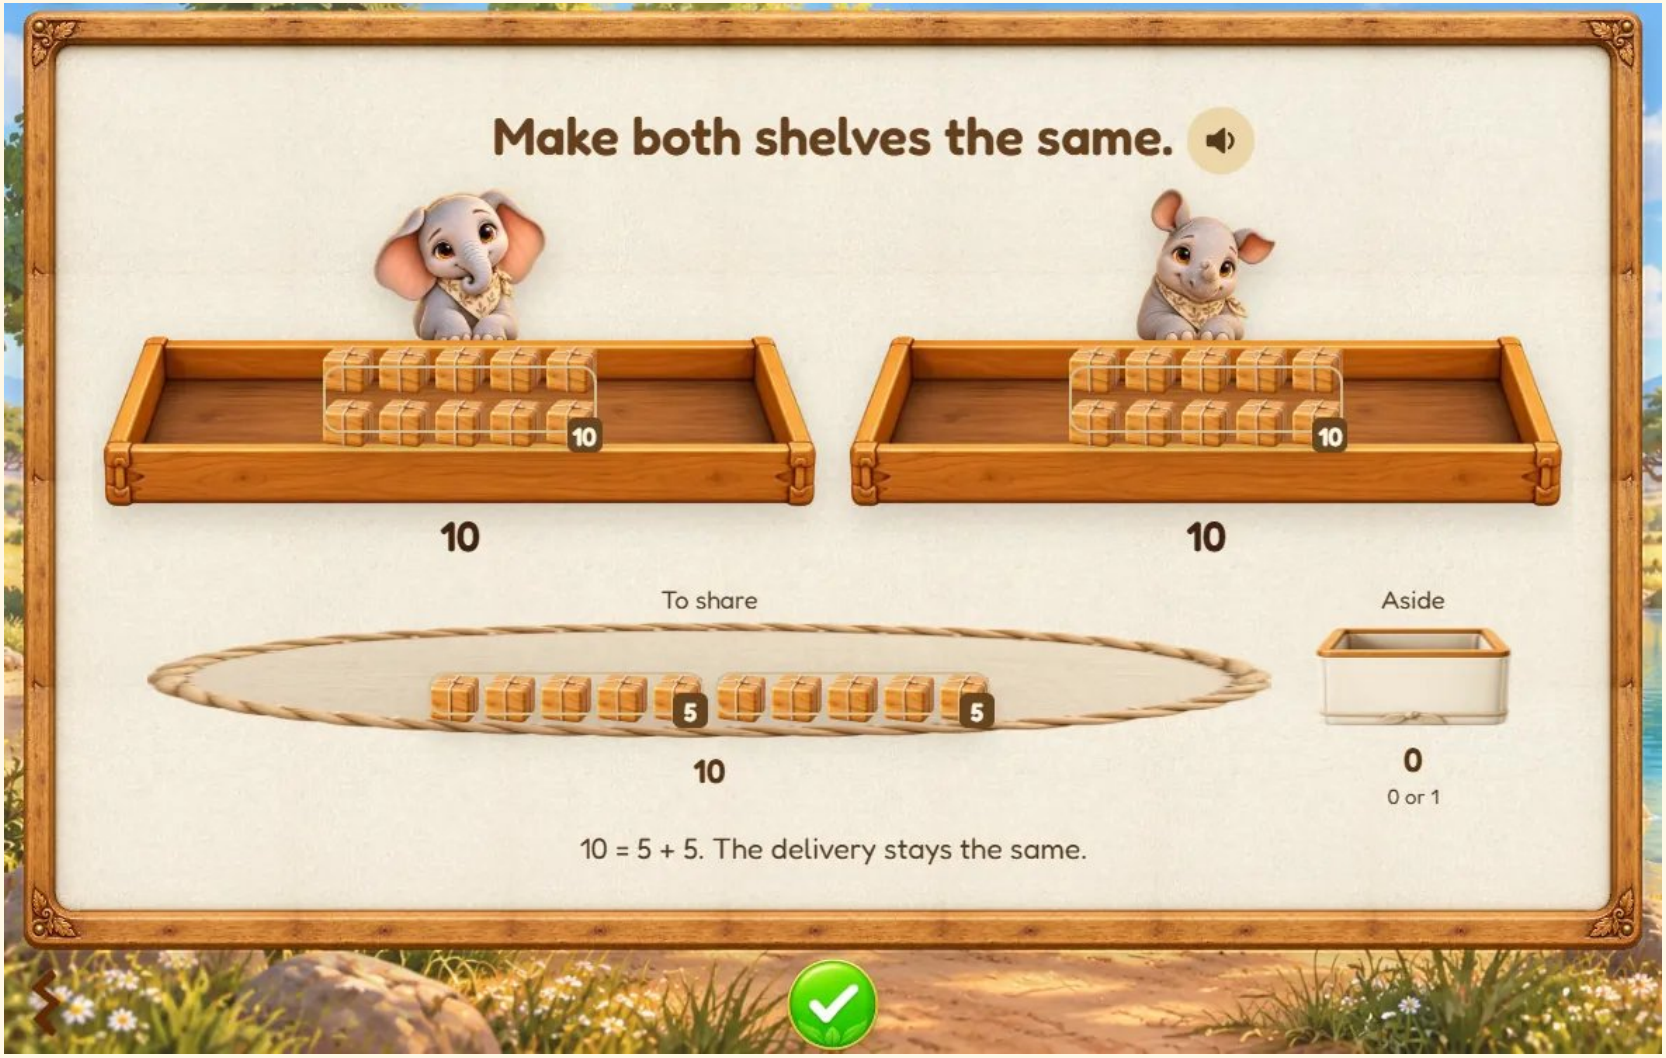

Share the whole delivery. Keep both shelves equal.

# Choose a parcel

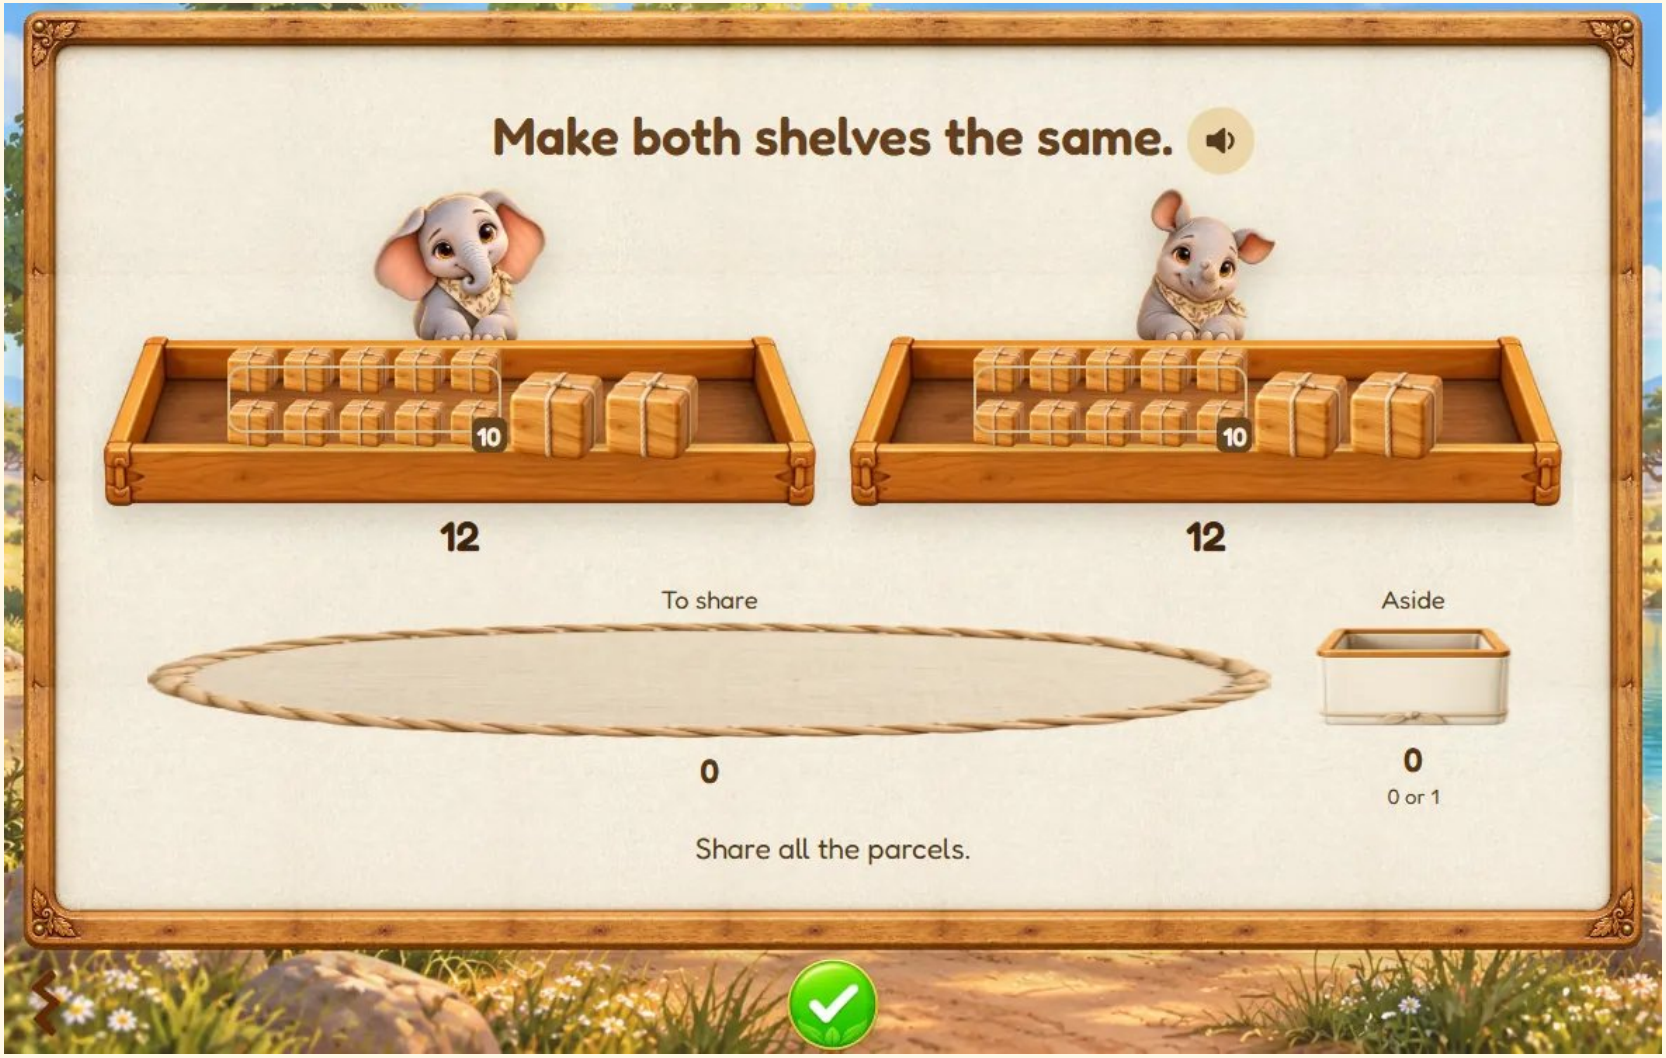

Tap a parcel, then tap a wooden shelf. Dragging works too.

# Open a bundle

Pick a 10, then open it:5+5. Open a 5 for single parcels.

# Keep just one aside

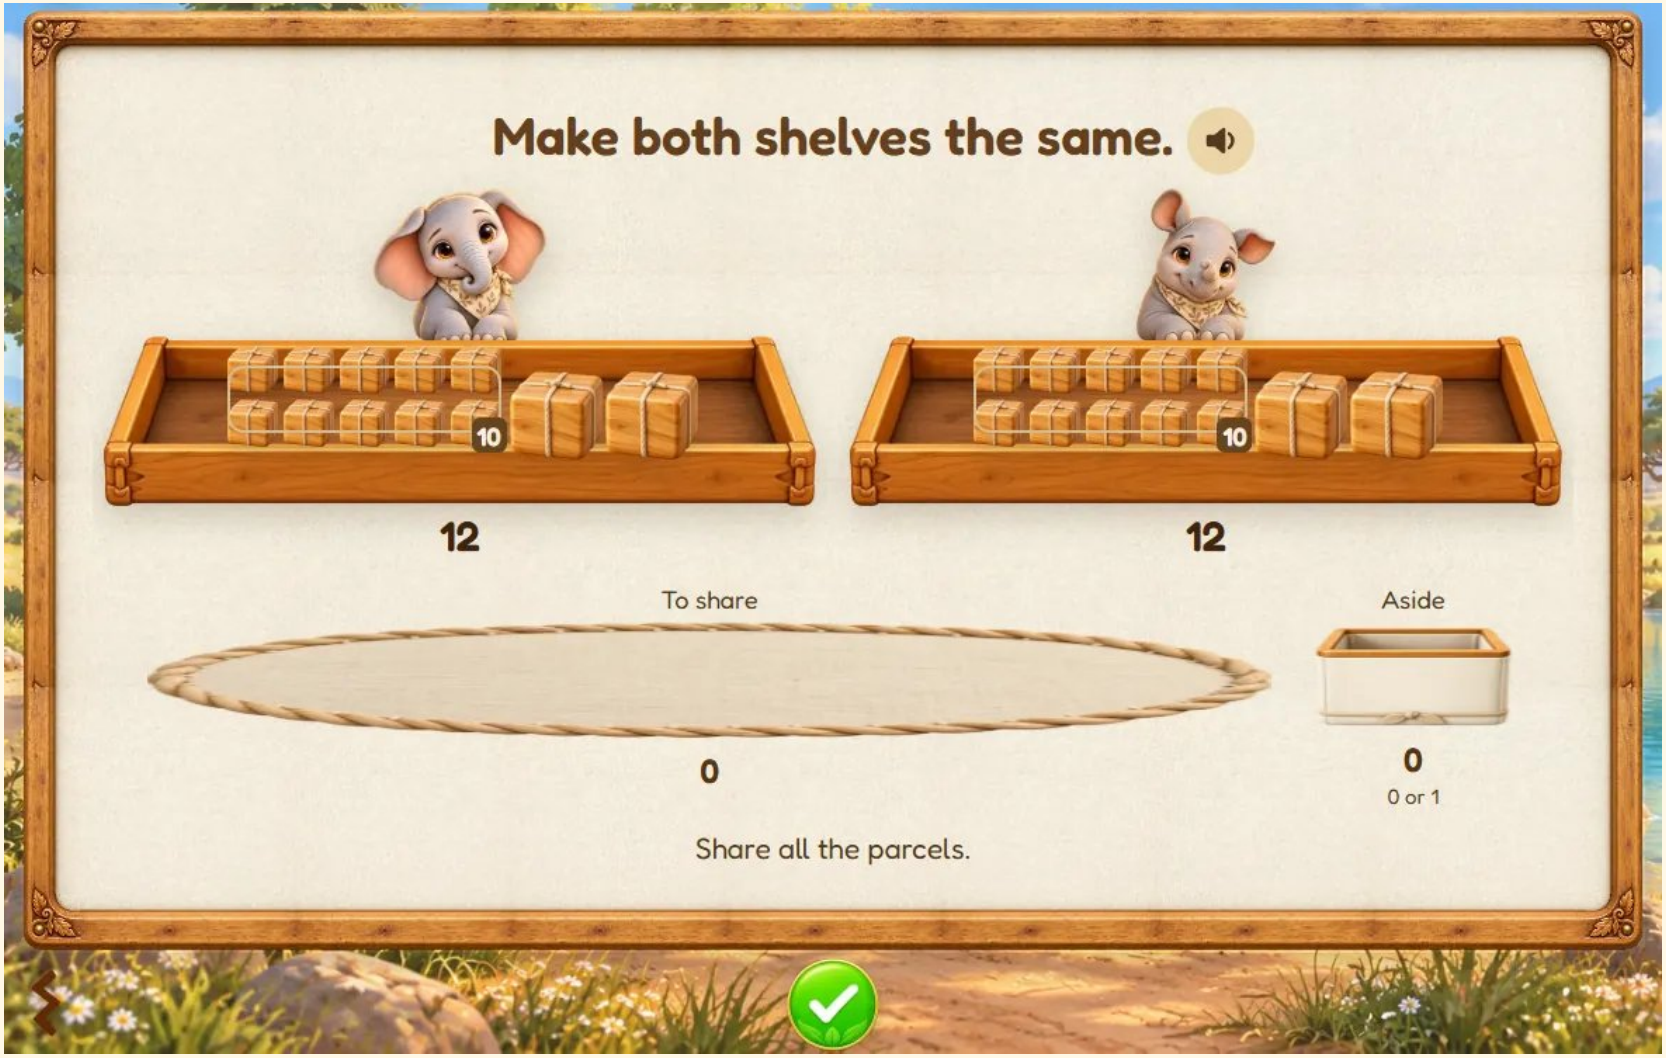

Share everything you can. Leave at most one beside the shelves.

# Compare, then repair

A move takes from one shelf and gives to the other. Keep your work and change it.

# Check with OK

When the delivery is empty and the shelves match, press the green OK.

# Pause and get help

Pause keeps your work. The question mark opens picture help and Show me.

# Ready for another delivery

Five levels, four missions each. A new level begins with four empty stars.
